Pinay Loses; French Seek New Premier

Fails in Bid To Obtain Support of Majority In National Assembly

PARIS (AP) — Former Premier Antoine Pinay abandoned his efforts to form France's 21st post-war government today. President Rene Coty announced he would start new consultations seeking a political leader capable of winning majority support in the National Assembly.

Pinay went to the Elysee Palace to announce his withdrawal after first communicating his decision to a meeting of Conservative leaders supporting him. The Cabinet crisis started with Premier Pierre Mendes-France's resignation last Saturday after he was defeated on an Assembly confidence vote.

Leaving the Palace, Pinay said the President had urged him to continue his attempt to organize support but he felt this was impossible.

Pinay's failure had been expected since the left-of-center Popular Republican Movement (MRP) refused yesterday to let any of its members join the predominantly conservative Cabinet the former Premier was trying to build.

The Assembly's two biggest factions, the Socialists and the Communists, were opposed to Pinay from the start. At the end he had been promised only the support of some 135 of the Assembly's 627 members, far short of the 300 or so votes he needed to promise him confirmation.

AFL, CIO JOIN LABOR FORCES. At an historic meeting in Miami Beach, AFL president George Meany (left) and CIO head Walter Reuther (right) shake hands after agreeing to merge their two labor organizations. The agreement ends a bitter 20-year split and unites 15 million members. The new organization, as yet unnamed, will probably be headed by Meany. The agreement must be ratified by the two groups in convention. Man in the center is David McDonald, president of the United Steelworkers.

To Recruit Millions

Unions Plan Drive In Wake of Merger

MIAMI BEACH, Fla. (AP) — The nation's top union leaders, agreed on consolidating forces into a single organization, today planned a giant drive to take in millions of new members.

Leaders of the American Federation of Labor and Congress of Industrial Organizations decided to bury traditional rivalries and embark on the same sort of intensive mass organizing campaign that sparked the CIO's surge two decades ago.

The AFL and CIO chiefs worked out what appeared to be an iron-clad arrangement to merge into a 15-million-member union federation.

Needs Ratification

A long series of ratifying actions still was required to solemnize the wedding, but declarations of intentions from principals appeared convincing. Both George Meany, top man in the AFL, and Walter Reuther, CIO chief, predicted the merger would be an accomplished fact before the end of the year.

They said a well-financed organizing drive to take in new members would be launched and where possible unions in the same general field would be combined to make more effective their bargaining and political powers.

An initial organizing goal was the chemicals and plastics industries. A field where combining rival unions appeared most likely was in the textile industry where relatively weak AFL and CIO unions have largely neutralized each other for years.

Strike Effect Weighed

There was no way of anticipating whether the apparently stronger union setup would bring on bigger or longer labor strikes, but it was apparent that AFL and CIO leaders felt their hand would be strengthened in dealing with employers.

In arranging the merger agreement yesterday the union chiefs accustomed to hard horsetrading with employers, played a give-and-take role with each other.

The AFL was given the top jobs in the new setup. Meany was assured of the presidency and AFL Secretary - Treasurer William

Party Leaders Will Be Here On Lincoln Day

Plans have been completed for the annual Lincoln Day dinner to be held Saturday in the YMCA under the sponsorship of the Marion County Republican Club, it was announced today by Arthur L. Watt, president. The time is 6:30 p.m.

Speaker for the occasion will be Congressman Leslie C. Arends of Illinois, Republican party "whip," He will be introduced by Eighth District Congressman Jackson Betts of Findlay. On the program also will be Dr. Tennyson Guyer, Republican committeeman from the Eighth District, also of Findlay, who will give a brief talk. Master of ceremonies will be Dr. Philip Smith.

Joining local Republicans for the dinner and program will be State Senator J. E. Simpson of Forest, Mrs. Martha Wheatcraft of Galion, Eighth District committeewoman, and other Republican officials.

John V. Ruth, city engineer, is general chairman for this year's observance. Mrs. Bertha Stewart heads the committee in charge of arrangements and Mrs. Jennie Reid is in charge of decorations. Music for the evening will be by the Marion County Republican Women with Mrs. John Hall as chairman.

Congressman Arends will fly here from Cleveland, arriving Saturday forenoon. He will return to Washington by train Sunday afternoon.

Blast of Arctic Air To End Mild Spell

By The Associated Press

Arctic air and northerly winds headed into the mid-continent today, ending a brief spell of mild winter weather.

The big mass of cold air from Canada sent temperatures tumbling sharply over the Great Plains from the Canadian border all the way to Oklahoma. There were strong northerly winds and some snow.

The cold air moved slowly in turning east but falling temperatures gradually extended southeastward across the upper Great Lakes region.

It was 20 degrees below zero early today in Dickinson, N. D., compared to yesterday morning's 12 above. Frigid air and strong winds were forecast for most of the north central region.

Omaha Jail's New Cook Has Best of References

OMAHA (AP) — "It will be good," That's what Joseph T. Taylor, 67, said of the food he will serve as cook at the Douglas County Jail here.

"I've served some pretty strict people," said Taylor, "and I had no complaints."

Then he named former Presidents Theodore Roosevelt, Warren Harding and Harry Truman as among those he cooked for. That was during the 47 years he was a railroad chef, he said.

Sent to Detention Home

Youths Involved in Theft, Wreck of Auto Sentenced

Two youths were fined $25 and costs each and sentenced to 10 days in the County Detention Home and another was ordered sent to the Juvenile Diagnostic Center in Columbus today when they appeared in Juvenile Court to answer auto theft charges.

The two sent to the Detention Home were charged with auto larceny and curfew violation.

—:—

THE THIRD was charged with auto theft, curfew violation, driving while license was under suspension, and violating terms of previous probation.

Besides the fines and sentences meted out to the first two boys, Judge Edward Ruzzo also suspended their drivers' licenses for one year and placed them on indefinite probation.

He said the youth who was sent to Columbus would appear before him again after returning from the Juvenile Center. His sentence will depend upon the attitude he shows in the next six months, Judge Ruzzo said.

—:—

THE JUVENILE Diagnostic Center has a backlog of cases and will not be able to receive the local youth for three or four months. In the meantime, he is to be held at the Marion Detention Home at the Children's Home.

Judge Ruzzo ordered that he was not to leave the building there, except for exercise on the grounds of the Detention Home itself.

He said that if his parents could make arrangements, a tutor might come to the Detention Home to enable the boy to continue his studies.

The boys were arrested Saturday morning after they were involved in an accident in which the three of them and two others were injured.

One of the other two is still in General Hospital recovering from severe facial lacerations. He also is to appear in Juvenile Court on auto theft and curfew charges.

The other is 18-year-old Lloyd Hoffman of 314 Chicago Ave. Hoffman was charged with auto theft in Municipal Court.

—:—

THE BOYS appearing today were all 16 and high school juniors. They told the judge they had attended a party after a basketball game Friday night and were playing cards until 3 a.m. They said they then became hungry and decided to go out to get something to eat.

According to their testimony, one of them said he knew of a spot where they could break in to get food. When they saw the place was well lighted, they decided against breaking in there.

Instead they went around several alleys and streets in the east end and finally spotted a car which they could start, the boys testified. They told the judge they drove out east of town, then

Laws Protect Society, Self, Judge Advises

Juvenile Judge Edward J. Ruzzo this morning stressed the importance of following the law, not only for the benefit of the community but also for protection of young persons themselves, in passing sentence on three Marion youths, all 16, who were charged with auto theft.

He said that juvenile delinquency could be curbed only when young persons realize that delinquency is "kid stuff" and make up their minds not to engage in unlawful actions.

Judge Ruzzo said:

"These cases before the court today illustrate quite well the point which we have tried to impress upon our young people; namely that compliance with the law is not only a matter of protection for society but also protection for the young people themselves. Violation of the law results not only in injury to others, but injury to self. There arises in addition the problem of a police record and the stigma attached thereto, which can be an extremely complicating factor in the life of any person during his entire lifetime.

"There is also the expense in-

State Studies New Cigaret, Liquor Taxes

$150 Million Revenue Proposal Would Cover Welfare Construction

COLUMBUS, Ohio (AP)—New taxes —on cigarets and liquor—loomed today for the people of Ohio.

The new taxes, 150 per cent on liquor and 50 per cent on cigarets, were in the offing despite "no-new-taxes" pledges by Democratic Gov. Frank J. Lausche and the Republican-controlled Legislature.

The taxes, estimated to produce 150 million dollars in revenue in the next six years, apparently were the Republican answer to Lausche's proposal for a multi-million-dollar bond issue to finance new mental hospitals and prisons.

Lausche had mentioned publicy —but never actually recommended —boosts in cigaret and liquor taxes to finance the building program.

Penny-a-Pack Hike

The proposals introduced in the Ohio House yesterday would increase the state's 2-cents-a-package tax on cigarets to three cents, and boost the state's $1-a-gallon tax on 10-proof liquor to $2.50—about 30 cents a fifth.

The tax-increase measures had all the earmarks of Republican "policy"—but all concerned were careful to put a "personal opinion" tag on them. They were introduced in the House by Reps. Samuel L. Devine (R-Franklin) and Robert L. Johnson (R-Medina).

They also proposed creation of a division of capital improvements planning to map construction of state institutions and keep it six years ahead of actual building.

Most capital improvements in the past have been financed out of the state's treasury surplus every two years.

Their bills were among 119 proposed laws introduced yesterday as legislators continued the stretch drive toward the bill introduction deadline next Monday night. With two more legislative days to go—today and Monday—legislators have introduced 793 bills, still far short of the 1,178 in the 1953 session.

Fewer Minor Bills

The Senate's action in observing its first bill deadline in 16 years may be having its desired effect in reducing the number of "cats and dogs" bills before the General Assembly. Minor measures have been conspicious by their absence.

Legislators ended their sixth work week today by dumping another batch of bills in the Legislative hopper.

Five bills were passed by the two houses yesterday—four by the Senate and one by the House.

The bill drawing chief interest was a measure providing $50 to $500 fines for those who refuse to yield a party-line telephone in an emergency and similar penalties for those who make fake emergency claims.

Also passed was the first bill sponsored by Rep. Robert Taft Jr., son of the late "Mr. Republican"—U. S. Sen. Robert A. Taft.

Atomic Experts Positive U.S. Holds Nuclear Edge

WASHINGTON (AP) — Soviet Foreign Minister Molotov's boast that Russia holds superiority in hydrogen bomb development may refer to discovery in 1953 of a short-cut method for triggering the fusion explosive.

But if that was the case, American officials are confident any temporary advantage the Soviets held has since been overcome.

In some atomic circles here there is a suspicion that Soviet nuclear physicists evolved a technique for setting off hydrogen bombs through heat - producing compression of a high magnitude which required only insignificant amounts of the fissionable material used in conventional A-bombs.

There is the possibility that the Russian technique was perfected almost a year before American weaponeers worked out the problem, and may have been tested in the summer of 1953.

However, any Soviet lead made possible by that process—involving a huge saving in time and material—has been overcome and the over-all program of the United States now has moved out ahead again, in the opinion of some American experts.

In a speech Tuesday, Molotov said the Soviet Union has developed hydrogen weapons with "such success that the United States could appear backward."

President Eisenhower was asked yesterday at his news conference about the Molotov statement. The President replied there was no proof to that effect, then added it

Tachens Withdrawal Entering Final Phase

ONE BECAME PRESIDENT, THE OTHER DEFENSE CHIEF. Nine years ago, when this photo was taken, Marshal Georgi Zhukov (left) and Gen. Dwight D. Eisenhower (right) took the salute during an Allied ceremony at the final defeat of Nazi Germany. Now, Zhukov is the new defense minister of Russia. President Eisenhower said he "wouldn't hesitate" to consult with advisers about renewing his invitation to Zhukov to visit the United States.

Zhukov 'Decent Fellow' in '46

New Russian Defense Chief, Ike Friends in World War II

Editor's Note — Eddy Gilmore was an AP correspondent in Moscow for 11 years, starting in World War II and ending soon after the funeral of Joseph Stalin. He wrote "Me and My Russian Wife," an account of his life in the Soviet Union. Currently assigned to AP's London Bureau, he is just now in the United States on a brief leave.

By EDDY GILMORE
Associated Press Staff Writer

The time was a late summer day right after the war. The place was the Blue Room of Spasso House in Moscow. The man slouched easily in a deep leather chair was Gen. Eisenhower.

I remember asking the question.

"What do you think of Zhukov?"

The general hesitated for a moment. The slanting rays of a setting sun fell across his face. He frowned slightly as he replied.

"Georgi," he said, "is a very decent fellow."

American and British correspondents who had covered the war from the Russian side had the same opinion of the broad-shouldered, square-jawed Soviet commander. A tough guy all right, but a man who could smile and a man who—unlike many other Red commanders—would give you a straight answer to a question.

"Do you think we could ever do business with Zhukov?" someone asked the supreme Allied commander who was later to become President of the United States.

"Well, left on his own," said Eisenhower, "I believe I could do business with him."

That seemed to be a good endorsement of Georgi Zhukov, Russia's new minister of defense. It filled in with what I knew of this man who was a good soldier, but I'm afraid not a very good politician.

Eisenhower visited Moscow after the war as Zhukov's guest. He reviewed a sports parade atop Lenin's Tomb with Zhukov, attended a football game with him at Dynamo Stadium and was cheered by the Russian people as no American perhaps

Senators Disturbed

Democratic Leader Asks Delay in Manpower Cuts

WASHINGTON (AP)—House Democratic Leader McCormack of Massachusetts urged the administration today to reconsider proposed Army manpower cuts and said 95 per cent of House Democrats are opposed to them.

"It is a dangerous thing," he said in an interview, "to think that one man is possessed of all knowledge in one field. It could be a terrible thing for our country if the President is wrong."

Says Senators Disturbed

Sen. Russell (D-Ga) said some senators also "are greatly disturbed," but that there probably is little Congress can do unless "we want to impeach the President, and everybody knows that is not going to happen." He said reappraisal of the cuts seems justified.

President Eisenhower has said he made the final decision on the extent of manpower reductions, which propose mid - 1956 armed forces of 2,850,000 men, compared with more than three million now. The bulk of the cut, 173,000 men, would be in the Army.

The Senate Armed Services Committee, which Russell heads, spent nearly six hours yesterday questioning Secretary of Defense Wilson and Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, about the reductions.

No Reason for Change

Wilson later told newsmen he sees no reason to revise the plans because of the shift in Soviet Russia's leaders, and he added: "That's the President's position too." Wilson said the program will provide "an adequate defense structure for the United States . . . on a long-term basis."

Two Republicans, Senators Duff of Pennsylvania and Flanders of Vermont, said in separate interviews they are backing Eisenhower's decisions, Flanders said: "Even if we had more ground forces, we could not use them im-

Two U.S. Planes Crash, Burn in Labrador, 4 Die

ST. JOHNS, Nfld., (AP)—Four U.S. airmen died yesterday in two American Air Force F95 Starfire jet fighters which crashed into the bush and burned near Goose Bay, Labrador.

U.S. Northeast Air Command headquarters here said both planes were on routine flights from the Goose Bay base. They went down within five minutes of each other and almost seven miles apart.

Names were withheld.

American Military Aid Pledged in Defending Stronghold of Chiang

WASHINGTON (AP)—For the second time in two weeks, the Senate in effect has told Communist China to keep hands off Formosa.

By a lopsided 64-6 vote, the Senate last night approved a mutual security treaty with Nationalist China pledging American military migh in defense of Formosa and thhe nearby Pescadores Islands.

A strong favorable vote had been expected in the light of the acceptance given Jan. 28 to use President Eisenhower's request for congressional approval of his use of American troops in the Far East if necessary, but the final action on the treaty came with surprising speed.

After decisively rejecting amendments, the Senate approved the treaty with less than six hours of debate. Voting against it were Senators Chavez (D-NM), Gore (D-Tenn), Kefauver (D-Tenn), Leh-

Missing Truck Driver Returns to Mansfield

MANSFIELD, Ohio (AP)—The case of the missing truck driver appeared closed here today with the return to Mansfield of Clayton Schindler, 24.

Schindler disappeared Jan. 31, the date his truck was found abandoned on the Pennsylvania Turnpike near Bedford, Pa. The truck was loaded with stoves from a Mansfield firm, and was bound for Philadelphia.

Last Monday police were told Schindler had called a Mount Vernon couple with whom he lived, saying he had been picked up by two men, held captive and released in Snyder, Tex.

Fortifications Destroyed as Troops Leave

Chiang's Forces Fill Landing Craft With Guns, Ammunition

TAIPEI, Formosa (AP) — Chiang Kai - shek's forces blasted and burned a maze of underground defense works and shuttled tons of ammunition and supplies to rocky beaches in the high-speed final phase of the Tachen Islands evacuation.

U. S. 7th Fleet warships churned the East China Sea around the island and jets swept overhead protecting the critical military withdrawal.

Civilians already had been removed. Most of the refugees already were on the Nationalist bastion of Formosa 200 miles to the south.

Nationalist sources said the withdrawal had been completed on three outlying islands, the Yu Shan group 35 miles northeast and Pishan 32 miles southwest of the Tachens.

Garrison To Remain

The government announced a decision to pull out civilians on Nanchishan, 80 miles south of the Tachens. But official quarters said the military garrison would remain there and probably would be strengthened to maintain the island as a northern shield for Formosa.

AP Correspondent Jim Becker reported from the Tachens that Nationalist troops were "blasting into uselessness a labyrinth of caves and tunnels."

"Seemingly endless streams of brown-clad soldiers sloshed through the mud, lugging boxed mortar shells, hand grenades and machine guns which never will be used to defend this northernmost outpost," Becker said.

"The Communists are blasting Yikiangshan only eight miles away.

"In the choppy, brown muddy waters off the (Tachens) beaches, small landing boats maneuver around the burned hulk of a lone LST sunk by the Communists in a shallow water during a bombing before the evacuation started.

'Symbol of Retreat'

"It seems a symbol of defeat and retreat.

"Hard-biting Rear Adm. Lorenzo Sherwood Sabin Jr. squints at the LST and the empty villages of the Tachens from under his two-star helmet and says:

" 'I hope this is the last piece of real estate we give away to the Communists.' "

Chinese reports quoted the Nationalist commander of the Tachens, Gen. Liu Lien-yi, as regretting that his forces had not been permitted to make a stand against the Reds. Liu said his force there had been powerful, confident, well equipped, strongly dug in and capable of repulsing any Red invasion.

Group Making Mayor's Study Holds Meeting

The third meeting of the citizens' committee to study and evaluate the mayor's position in Marion was held Wednesday night in City Council chambers at the old city hall.

In line with a feeling expressed by the committee previously and repeated last night that the sessions should not be considered "closed," a Marion Star reporter attended the meeting as an observer.

The committee feels, however, that any actual public reports on the progress of the study and its findings should be released through City Council, whose members appointed the committee.

The next meeting of the group will be held Wednesday, March 23.

Romance Makes Sales Promotion

Manufacturers Cashing In on St. Valentine's Day

By SAM DAWSON

NEW YORK —Turning hearts into dollars is the big aim of merchants this week.

And each year more manufacturers get the notion that St. Valentine would make a good salesman.

Book publishers are taking newspaper ad space to plug titles with the words "heart" or "love" in it. The Elgin National Watch Co. of Elgin, Ill., this year has launched a big promotion to persuade jewelers that the day dedicated to love ought to rank next to Christmas and graduation day as a chance to sell watches.

The drive to revive the nightshirt is filling the papers and magazines with pictures of that one-time favorite, all bedecked with designs and colors that would have frightened grandpa, and plugging Valentine's Day as the right time to take the plunge.

—:—

THE MEN'S TIE foundation is pleading with every lass to buy her man a cravat—and so soon after Christmas, too!—and has some ties with love motifs emblazoned on them.

The jewelry industry's council has a long list of love emblems in a wide price range for men, women and even children. It thinks love and affection should be given a big whirl this year.

St. Valentine's chief trouble as a salesman has always been that he's in a field so recently worked by St. Nicholas.

Many Christmas bills, alas, still aren't entirely paid. And the memory of the cost of generosity still lingers on in the mind, if not the heart, of the juggler of the family budget.

Merchants are aware of this. But each year they try a little harder to overcome it.

—:—

TIME WAS WHEN Valentine's Day was chiefly an occasion for the exchange of cards—and the valentine still runs second only to the Christmas card, as the card makers and the postman can tell you.

Candy makers have always enjoyed a sales field day on this occasion. The florists and the telegraph offices always pay a good deal of homage to St. Valentine, and he is always good to them in return.

But now almost everyone with a product that could be considered a gift has shunted aside the Christmas wrappings and put his item in packages either heart shaped or liberally besprinkled with the emblem of the good saint.

Heart-shaped handkerchiefs are a staple of the trade. Hosiery, some with appliqued hearts, is a promotion item in most department stores.

—:—

THIS YEAR SOME merchants are driving hard to sell red petticoats and report that lingerie is becoming an increasingly popular valentine gift.

Men's shirts are getting a play along the same line this year. And at least one merchant is featuring hearts in his ad for clearance of suits and overcoats.

Manufacturers are working the valentine idea hard, some with products with love emblems on them, but most of them through a liberal use of hearts and lace on their packaging.

If it works, the day will furnish a good sales fillip to the dull period between Christmas and Easter.

Checker Champ Aided To Crown by Weather

He's been president of the association for 18 years but this is the first time he's taken home the champion's cup although he's entered tourneys since 1902. It was a wind and snow storm that partly helped him be champion. His final round opponent decided to hasten home and conceded the match.

National Democratic Chairman Optimistic

WASHINGTON (AP) — Paul M. Butler, new Democratic national chairman, thinks his party's chances of winning the presidency and retaining control of Congress in 1956 "look exceedingly good."

After a "get acquainted" meeting with 25 Democratic senators yesterday, Butler said:

"I think the people will be behind us because they want government in the interest of the general public instead of government in the interest of special interests that the Republicans are giving them."

Lt. Col. Donald E. Eggleston, son of Mr. and Mrs. J. E. Eggleston of 176 Bain Ave., is currently serving as chief of the Plans Branch at headquarters of the Air Material Command at Wright-Patterson Air Force Base, Dayton. Col. Eggleston, who arrived there last month from Paris, France, is assigned to the Plans and Operations office, Directorate of Supply and Services. Air Material Command is the world-wide procurement, supply and maintenance source for the entire Air Force.

During the past three years, Lt. Col. Eggleston had been associated with budget and planning with NATO at London, England, Frankfort, Germany, and Paris. He and his wife and three children make their home at Fairborn, O.

Col. Eggleston is a 1936 graduate of Harding High School and received his bachelor and masters degrees from Ohio State University. He entered the service as an aviation cadet in 1941 and received his commission as a second lieutenant the same year. Col. Eggleston formerly served in the Phillipines and Japan.

Meany and Reuther Agree

No one knows more clearly than the union executives who have been working toward unification of the AFL and CIO what caused the trouble in the first place. If John L. Lewis had not broken with the late William Green in 1936, there would have been no CIO. It was a personal matter.

Thereafter, if Lewis had not been determined to prove his point that the AFL was wrong about its policies concerning craft unionism, the breach could have been closed. It was a battle of personalities from the beginning.

The agreement reached Wednesday in Miami Beach to heal the breach is likewise a matter of personalities. George Meany of AFL and Walter Reuther of CIO are able to agree. They see no irreconcilable differences between their organizations. They want unity, not disunity.

If they can command the confidence of the other union leaders involved in their plan to unite the two organizations, all major differences either will disappear or be kept under control. It takes a John L. Lewis to divide what he used to call the "house of labor" — and his chances of doing it in 1955 are nil because he and his United Mine Workers are outside the house.

The logic of unionism is on the side of a merger of AFL and CIO. The only opposition will come from personalities jealous of their positions inside the two organizations. Meany and Reuther now have their work cut out for them — to give almost everybody almost everything they want without causing any of the unforgivable grievances that kept the leaders of the two unions at swords' points after 1936.

To the Boy Scouts

Marion County this week joins the rest of the nation in paying tribute to the Boy Scouts of America on the organization's 45th birthday.

There is scarcely a family in the United States that has not felt the influence of the Scouting, and this section of Ohio is quite well represented.

The Harding Area Council, which includes Marion, Morrow, Crawford and Wyandot Counties, includes 2,210 Boy Scouts, Explorer Scouts and Cub Scouts at present. There are 893 adult leaders in the program, directing 84 units.

Since its founding in 1910 the national organization has enriched the lives of 22,750,000 boys and leaders, and the U. S. membership today is 2,700,000 boys directed by 960,000 adults.

Scouting's purpose, stated in the Federal Charter granted by Congress in 1916, is to promote the "ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance and kindred virtues."

Every member of the nation's 95,000 Scouting units is indeed having some kind of experience that is adding to his equipment to meet the problems of adult life.

We congratulate the Boy Scouts on the 45th birthday of an organization that contributes heavily to the development of our youth and the consequent betterment of our communities and our nation.

Now a Way of Life

Perhaps nothing reveals more strikingly than a 394-59-4 vote in the House of Representatives for continuing the draft how far the United States has come along the road to permanent mobilization of military manpower.

In other days, the original draft law proposal was lucky to squeak through the House by a one-vote margin — before congressmen thought it was necessary to impress the world with their willingness to conscript men for the armed services.

Not only did the House pile up a thumping majority for continuing the draft this time but, further to impress a watching world, it continued it for four years. This attempt to bind a succeeding Congress will presumably be discarded in the more sedate atmosphere of the U. S. Senate.

There is no solid agreement on the draft law, just as there is no solid agreement on policy for providing the armed services with manpower. The United States has improvised both policy and law since the outbreak of World War II made mobilization necessary.

As far as that's concerned, there is no solid agreement on mobilization either. It is an unpleasant necessity that may arise again and will be dealt with, if that happens, on a basis of expediency.

That is how the draft is being dealt with in 1955, the way it has been dealt with for the last 15 years — on a basis of expediency. Congressmen do the best they think they can do under the circumstances and if they give the impression they are trying to please everybody except the hundreds of thousands of young men who are going to get drafted, that is unavoidable.

No one wants to get drafted, and no one wants to face up to the fact that getting drafted now is a way of life for millions — and not a very satisfactory one.

Everyone seems to agree that the honeymoon between Ike and the Democrats is over. But is it necessary, or even usual, to go directly from Niagara Falls to Reno?

Desperation Struggle

By David Lawrence

Events in Moscow Result of Internal Conflict

Internal trouble in Soviet Russia rather than external policy is back of the forced resignation of Premier Malenkov. Every bit of evidence for many weeks has pointed that way.

The news was not a surprise to any of the persons in this country who constantly study the trends inside Soviet Russia. The question has not been whether the Malenkov regime could last but how soon it would be terminated from within.

The picture presented to the world is not that of a parliament or an electorate changing rulers but the secret maneuvers of a little clique of men who name a new dictator from their own number.

The sorry spectacle of a deposed premier proclaiming submissively, at the behest of a clique, that he has been guilty of inefficiency is one that could happen only in an oligarchy, where the people are not permitted to express themselves and where death faces the top man if he doesn't do the bidding of the group.

Will it mean peace or war? This question cannot be answered even by the coterie of men who call themselves rulers in Moscow. For the fact is that Soviet Russia isn't producing enough food for her growing population and the men in command know their tenure will be short-lived unless the food crisis is solved.

—:—

IN DESPERATION — and in an effort to consolidate the people by arousing their patriotism — there could be a move made that would threaten world peace. Experience has shown that during World War I when the army really got concerned about internal affairs and a revolution occurred, a separate peace with the enemy was made despite all the patriotic appeals.

So the present rulers face the danger that, if they try to capitalize on the crisis, they may bring about their own undoing.

The chances are that the circumstances which forced Malenkov out of office have to do with the long-range planning of the Communist party leaders who have been trying to apply their socialistic doctrine. They have been defeated thus far by the workings of human nature — the refusal of the peasants to produce food for others when they cannot make a livelihood themselves.

The frequency with which the word "agriculture" is used in the statements and addresses attending the ouster of Malenkov and his own emphasis on his lack of success in that direction serves to confirm the belief that internal troubles have been growing rather than diminishing inside Russia.

With such an unrest developing, the efforts of the Politburo will be concentrated on preventing any new problems from arising — such as a new war in the Far East — which could put an extra drain on the already strained Soviet economy.

THE COINCIDENCE of the dismissal of Malenkov and the boastful statement by Foreign Minister Molotov that Soviet Russia is far ahead of the United States in hydrogen bomb development cannot be overlooked. The Soviet committee which planned the firing of Malenkov knew it would be regarded by the world as a sign of weakness, and they prepared what might be called an anticipatory rebuttal.

This version of the change which the Politburo has just made will not be accepted throughout the world and least of all in the areas bordering on the Soviet Union. Inside Poland, Czechoslovakia, Romania, Bulgaria, Hungary, and the Baltic countries the people will know that a premier has been dismissed. They will suspect weakness. There may even be food riots and uprisings soon in East Germany that could spread to the other satellite states.

Chancellor Adenauer points significantly to the futility of trying to do business with the Moscow clique. It ought to be a lesson to those who keep advocating "international conferences" and high-level meetings with evil men.

So the setup is not one that spells strength. Rather it indicates an internal weakness which may lead to other changes in the top command group. For always, in a committee form of government, where the people have no voice, the struggle for personal power is never ending.

—:—

THE SITUATION will not jell in Moscow for some time, and it will not be possible to know what new policies may ensue to annoy, if not threaten, the Western World with a new program of bluff.

Obviously the Washington advocates of more rather than less armament and more inflation through unbalanced budgets will continue to try to scare the Congress into voting bigger appropriations. But the trouble in Moscow, if anything, vindicates the judgment of President Eisenhower, who is making the armament budget fit the realities of today.

This means a firm reliance on nuclear power to prevent any big war from happening and a steady pressure of potential resistance in areas like the Far East to keep a local situation from growing into a major war.

Some day the Politburo itself will be overthrown and there will be real peace in the world.

No Speak English

By TRUMAN TWILL

According to what's overheard in the United Nations, English is the dominant language of the world. This distinction goes to the foreign language hat most bilingual persons choose to learn.

No matter whether they speak Chinese, Hindustani, Yiddish, French, or Turkish, today's bilingualists who are not English want to know how to say it in English too. English has become the international tongue — the one everybody knows.

It used to be French, which at one time was called the "language of diplomacy." People who got around had to learn French along with their own tongue and whatever others they were able to learn.

But now the world's common denominator of language is English. Which raises a question . . .

What accounts for the fact that foreigners who learn to speak English as an auxiliary language usually speak it two or three times as well as Americans are able to handle it as their native tongue?

I have heard a Liberian student whose father and mother could not read or write and who learned to speak English in a missionary school put an audience of native Americans to shame with his precise use of their language.

My partner in a chemistry laboratory course when I was in college was a Chinese student who made me feel tongue-tied with his mastery of my language.

A young German newspaper editor studying production methods in this country used English with the confidence of an artisan completely familiar with the tools of his trade. The editor also spoke French and Italian, besides German. He made his hosts feel as though their palates were cleft.

Another college classmate, a fellow named George Hamilton Singh, was a native of India. George used such impeccable English we hinterland goons had sense enough to watch our p's and q's when speaking in his presence.

And to clinch the proposition, still another college acquaintance was an American raised in China. He could sing-song like a native Chinese. Naturally, knowing he would be coming to the United States, his parents made sure he also knew how to speak English. And he knew more about English than kids who had grown up here at home.

What it amounts to is that non-English bilinguists who learn English as an auxiliary language seem to speak two languages surprisingly well while native Americans do not even speak their own language well. This does not take into account what they do with another language, such as French, Spanish, or German. With a few exceptions, they might as well have studied Sanskrit, because when they get through they cannot make themselves understood either in speech or writing.

It is not because we are dumber than the foreigners. We are not tongue-tied. Granted that we see only the bright ones over here and can point with pride to some bright ones of our own over there, what's the matter with English?

What makes it so tough for the people whose dynamic leadership in world affairs has made it the language everybody needs to know?

AEC Headed for More Stormy Weather

By James Free

The Atomic Energy Commission is headed for stormier political weather no matter what happens to the Dixon - Yates contract.

And it looks at this stage as if the administration will add to AEC's exposure to the political elements by insisting on Dixon-Yates in spite of bitter Democratic opposition.

Other developments also will intensify the partisan climate in which AEC is sailing these days.

First is AEC's new liaison man assigned to work with the Democratic - controlled Joint Committee on Atomic Energy. He is ex-Rep. William C. Wampler, who is already on the job.

Wampler is a Republican one-termer who was defeated for re-election last year. He is a personable, likeable young man, but no specialist on highly complex atomic energy problems. He happens to be the son-in-law of Rep. Baker, one of the two GOP House members from Tennessee. And, as Sen. Dirksen's daughter is Mrs. Howard Baker Jr, the stalwart Republican senator from Illinois is the father of Wampler's sister-in-law.

—:—

ALL OF WHICH may sound a bit involved, but it demonstrates the strong partisan atmosphere from which ex-Rep. Wampler was designated for his new liaison position by AEC Chairman Lewis Strauss.

Democrats on the Joint Committee on Atomic Energy will not object publicly to Strauss's choice of deep - dyed Republican Wampler, but they regard it as further proof that AEC is no longer striving to perform as a strictly nonpolitical, independent agency.

Second is the story due to break into the open soon about ex-AEC Commissioner Joseph Campbell's views on the AEC's place in politics.

Campbell resigned from AEC to accept an interim nomination to be comptroller general of the United States. He may be confirmed by the Senate for this vital spot as head of the general accounting office, but it is by no means certain. What is sure is that there will be lengthy debate and stern opposition to Campbell's confirmation.

—:—

SOME DEMOCRATS have had reservations all along about Campbell because he went along with Chairman Strauss on the hotly disputed Dixon-Yates contract, which would substitute private power from Arkansas into the TVA system so that TVA can furnish more power to AEC without any new TVA power production plants.

The Democrats said that if Campbell thought so highly of Dixon-Yates, which they insist would be bad business for the federal government, then he might make a very poor "watchdog of the Treasury" — as the comptroller general often has been called.

These apprehensions about Campbell have been fanned to new heights by a letter that Campbell wrote to the Joint Committee on Atomic Energy. In this communication, for reasons yet to be made clear, Campbell expressed the personal conviction that the AEC should be "politically responsive" to the executive branch of the government.

—:—

SEN. GORE and others on the Joint Committee have indicated concern over the implications of Campbell philosophy. They ask, if Campbell felt as an AEC commissioner that AEC, a supposedly nonpolitical, independent agency, should be "responsive" to the will of the administration in power, then should not the GAO, set up as the Congress guardian over business practices of the executive branch, also be "responsive" to the administration?

What Campbell wrote, unwitting about AEC being "responsive" to the Republican administration, promises to make Democrats in Congress look with growing skepticism at future operations and proposals of AEC.

Arguments over AEC and Dixon-Yates have been torrid at times. New political and partisan troubles that loom ahead for AEC — if it continues on its present course — could make the past seem like a cool prologue.

The Ego Virus

By Frank Tripp

There is that cussed blank sheet of paper looking up at me again. An editor, who is going to ditch a lot of better copy, wants me to put something on it and send it to him. If I put down what I'm thinking, he'd fire me.

So why don't I, and see what happens? This columning is only an ego virus anyway. Nobody would ever miss a columnist or two. "Amen," says you.

That changes it. It's all right to amen me, and I'll even add "glory hallelujah"—but for heaven's sake don't say it to an editor.

Let me bow out with a sob-drenched swan song; tearfully leave my vast audience of admirers heartbroken. After so many years of advice to the confused, courage for the timid, and aprons for pantry shelves, seems like I rate that.

If you'll just hold off, I promise it soon; before it's too late to make it look like a blow to humanity.

—:—

MY NEW BOOK had a little run-in lately with a college professor—about my bad grammar. He was awful nice about it; kept it a quiet matter between the two of us. He didn't write any editors; just bawled me out privately—over the radio.

It could have made me sore, except that I've been cashing in on screwy English so long that I sort of liked the free plug; besides, at that very moment, I was shy of a topic for this masterpiece.

Anybody can poke rocks at me, or poison my coffee if he just wraps the lethal potion with an idea for a column.

—:—

AND IT NEEDN'T be too good. A lad who aspires to bore you when I get the gate asked me how long it takes to write a column. He's on a gyp hour week and was hopeful about overtime.

I told him that a bird who can't write a column in half an hour should be reading meters.

He was all goose-pimpled with expectancy of long leisure and great wealth, until I concluded, "thirty minutes—after you get an idea."

"And where do you get ideas?" he wanted to know.

"You just gave me one," I answered. "It's that, if you don't have a noodle full of ideas, you'd better stick to that gas house news beat."

"But you used to be a reporter too," he said, "and look at you now."

"Yeah, just look at me now; all wore out, all wrung out, all writ out."

"Just the same, I'll bet that you will make a column out of this interview," he guessed, as he left.

"Well, why don't you make one?" I asked him.

—:—

IT ROLLED right off his back. That was six months ago. He's still covering the gas house—and he is reading this and saying, "I'll be damned; the old crook gets away with murder."

As is thinking the editor who is waiting for my swan song. Maybe this is it. He's the boss.

That's what I told my critic. The professor is a swell guy and when he lets loose in conversation, like I do in this hokum, sometimes his own grammar ain't so hot neither.

I told him that editors would ask who was my ghost writer if I sent 'em an opus full of good grammar—and they'd fire me and hire the ghost. Maybe that's what the prof is shootin' at.

Anyway, a peddler who would toss in his best sales gimmick deserves to be fired.

Anent the worth of an idea: One time I was bending an early morning elbow with Hal Boyle, in an after hours bistro.

I just casually mentioned the naked truth that Lady Godiva is the only trump not yet played on the Hollywood scene.

The Once Over

The Illumined Journey

(Helen Keller, at 74, is making a 40,000-mile trip to Asiatic countries to help the blind and voiceless.—News item.)

Bon voyage, Lady in the Dark. . .
Woman of the unconquerable soul. . .
Blind, but with the true vision . . .
Voiceless, but bearing the Nazarene's message!
Deaf and dumb from infancy,
A mother's lullabies beyond you,
A father's voice unheard . . .
Never to hear childhood's music . . .
The rustle of nursery dolls,
The clatter of Christmas toys . . .
Yet undaunted always!

-:-

"Underprivileged!" What a word
When your life is reviewed! . . .
You were born in the darkness. . . .
A blackness illuminated by the spirit. . .
You were denied power of speech . . .
But a tongue spoke through your heart. . .
You were consecrated in the silences . . .
But the silences rang with bells
From invisible temples of valor.

-:-

You were resolved to see and hear. . .
To serve bravely. . .
To brush off adversity . . .
Now, at three-score-and-ten,
You take perhaps the last journey,
Helping, cheering, encouraging . . .
Apostle of faith and courage,
On the high road of dedication,
Bringing hope to the stricken,
Beyond oceans, rivers and mountains.

-:-

This World of Wars and Hatreds,
Blinder than you have ever been,
Watches and feels its pettiness . . .
God speed you, Helen Keller,
Great Lady in the darkness,
Ever spreading a flaming light!

The AFL fights efforts of the Meat Cutters Union to take in the Fur And Leather Workers. It overlooks all arguments that, meat gradings being what they are, the leather worker and the meat carver have something in common, and that in the matter of costs, a steak and a mink can come in the same bracket.

John G. Adams, Army Counsel, now retiring seems to this column to have been a "goat" of the Army-McCarthy proceedings. He seemed to us to be covering for his superior beyond the call of duty at all times, even if the attitude toward him has appeared to be "We don't know him from Adams."

Miss Jessie Lindsey, a charter member, reviewed the club's history since its organization 30 years ago this month. Reports of chairmen and committees completed the business session.

For the social hour the refreshment table was in a St. Valentine's Day motif. A kewpie cupid centered the table, and red candles and Valenuine hearts completed the decorations. A prize was won by Miss Foreman.

Hostesses were Miss Mary M. Luke, Mrs. Mary Rogers, Mrs. Clara Walters, Mrs. Alice Mittenbuhler, Mrs. Audrey Christman and Miss Dorothy Gorby.

Half the housewives who live in cities can fruits or vegetables in their own homes.

Reports on Activities Presented At Red Cross Chapter Meeting

Reports of committees and chairmen and a discussion of future activities made up the monthly luncheon meeting of the board of directors of the Marion County chapter of the American Red Cross Wednesday at Hotel Harding.

Robert S. Brown, superintendent of the Marion public schools, was welcomed as a new member.

Tells of Tornado

Lowell Douce, disaster chairman, reported on the work done by the Red Cross in the recent mid-south tornado area when 29 persons were killed and more than 100 injured.

Fifteen pints of O-negative blood were flown from Atlanta and Birmingham, to Memphis, Tenn. where the highway safety patrol sped it to a hospital in Clarksdale. Miss. and at the request of the Red Cross the Army sent 100 cots and blankets to Clarksdale.

Disaster headquarters were opened at strategic points and disaster victims were fed at a Red Cross canteen. First aid teams also were dispatched to disaster scenes.

Melvin G. Weston, blood program chairman, called attention to the new record established on the Bloodmobile unit's first visit here in the new year when 320 pints were donated by volunteers in the two-day period. This breaks the record of Nov. 16, 1951 when 303 **Assist With Move**

A total of 138 pints of blood were provided without charge to patients in the Marion General Hospital during January. The next visit of the Bloodmobile Unit will be March 16 and 17, Weston announced.

Mrs. John P. Courtright, chairman of volunteer services announced that members of Motor Service, five nurse's aides and several staff aides assisted in moving patients to the Marion General Hospital on "M" Day and members of the services also assisted at the opening of the hospital in December.

Announcement of a class in standard first aid now in progress and also a class in home care of the sick. A class in volunteer services will get under way Feb. 21.

The home service report showed 31 cases open and 23 cases closed during January, 41 interviews held, telephone calls made, wires and letters sent and visits made. Volunteer services reports were as follows:

-:- Church Activities -:-

When the Oakland Heights Mothers Study Club met Tuesday, Mrs Corrine Imbody was hostess in her home on Uncapher Ave. and she led devotions. Mrs. James Turner read "What Is a Boy and What Is a Girl?" and Mrs. Carl Whiteman presented "Don't Tell Me Teaching's a Soft Job," followed by discussion. During social hour prizes went to Mrs. Erma Culp, Mrs. Erma Augenstein and Mrs. James Strong. Assisting the hostess were Mrs. James Morrison, Mrs. Roy Everly and Mrs. Raymond Skatzes. The next meeting will be in the home of Mrs. Edythe Ford of 869 Oak Grove Ave.

—:—

The Senior Circle of the Prospect CCL met Monday evening at the school. Mrs. Paul E. Lauer, program chairman, introduced the guest speaker, from the department of mental hygiene in Columbus, M. W. McCullough, who talked on mental hygiene.

A short business meeting was conducted by Mrs. Paul Rogers. Refreshments were served by Mrs. John Jones Jr., Mrs. Robert Jones and Mrs. Ray Stiffler. Mrs. Fred McCumber was a guest.

The next meeting will be March 7, at which time a "green thumb" auction will be held and the program topic will be "Keeping Ohio Green."

—:—

Robert Williams gave a talk and showed slides on Alaska for a meeting of the Berean Bible Class of Emanuel Lutheran Church Tuesday night in the church parlors. A member of Epworth Methodist Church, Mr. Williams was sent to Alaska to do mission work for the Methodist Church.

Harry Kaelber presided for the meeting and devotions were conducted by John Ludwig. Refreshments were served by Mr. and Mrs. Lloyd Rehl, Mr. and Mrs. James Gast, Mr. and Mrs. Homer Huffman and Mr. and Mrs. Larry O'Day.

—:—

Two guests, Miss Elizabeth Trihart and Mrs. Albert Amstutz, were on the program of the Mary and Martha Circle when a meeting was held Tuesday evening in the annex of the LaRue Methodist Church.

Miss Ethel Carter presided for the business meeting, during which an appeal was made for volunteer workers for the Snack Bar at the Marion General Hospital. Several members volunteered. Plans were also made for the circle to be responsible for cleaning the church kitchen in February. The offering was voted for the summer school of missions.

A piano prelude by Miss Lena Dale Mulvaine opened the worship service which was led by Miss Ruth Dickason. A piano solo by Miss Trihaft was followed by a review of B. J. Baniff's book, "Labrador Nurse," by Mrs. Amstutz. Prayer by Miss LaVerne Weist closed the program.

During the social hour, contests were conducted by Mrs. Burdette Hunter and refreshments were served from tables decorated in a Valentine theme. Hostesses were Miss Dickason, Mrs. Chester Kurtz and Mrs. Lawrence Fields.

EASTER SEAL DRIVE SET

Plans were discussed for the annual Easter Seal campaign at a meeting of the Marion County Society for Crippled Children, Wednesday evening at the YMCA. As in former years the campaign will be conducted before Easter and there also will be an Easter Lily Parade. Saturday, April 9, is the date set for the Lily Parade.

Elected to serve as officers of the club are Mrs. Glenn Dane, president; Mrs. William Hoover, vice president; Mrs. Richard Shively, secretary and reporter; Mrs. Thurman Hughes, treasurer.

Program topics for the year were discussed and committees were appointed to include: Mrs. Richard Bunford and Mrs. Walter McClaskey, calling; Mrs. Ora Butterman, Mrs. Edmond McLaughlin and Mrs. Hoover, program; Mrs. Russell Dripps, Mrs. Jack Lewis, Mrs. Edward Ridenour and Mrs. Robert Cosgrove, social.

Guest speaker for the program was Mrs. D. T. Mills. She gave a talk on "How To Prepare a Child For School."

Crawford Woman Wins Prizes With Slogan in Contest

BUCYRUS—Mrs. O. G. Hendrickson of nearby North Robinson today was notified she is one of 12 first prize winners in a recent soap company coontest. Shhe will receive a 1955 automobile and $250 worth of groceries.

Mrs. Hendrickson, who is the mother of three children, said today she had entered "only about a half dozen contests in my life." Her husband contracts installation of telephone dial equipment and telephone switchboard work.

The Hendricksons were taken by company officials to a Bucyrus auto agency, where they selected their auto, delivery of which will be made in about two weeks. The groceries will be furnished by a North Robinson store.

Is This World A Fat Man's Paradise?

Not if you can believe insurance statistics which claim that overweight causes more deaths than cancer. Reliable authorities hold that obesity is responsible for more disability and sickness than any other physical condition. If you are troubled with excess weight read this letter from L. E. Armstrong, 2717 Ralph Ave., Cleveland 9, Ohio who writes: "I had been troubled with a bad heart, and my doctor advised that I lose weight. With the help of Rennel Concentrate I was able to decrease my weight from 224 lbs. to 169 lbs. I would like to tell everyone who is overweight the good that Rennel has done for me."

Thousands of others have overcome the social and physical discomfort of being overweight with this effective home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Rennel Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple easy way to lose pounds of bulky fat and help regain slender, more youthful curves — if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Insist on and be sure to get Rennel.

Local Group Has Fun With Scale Model Railroad

Tiny Trains Run on 400 Feet of Track; Club Has Room at Depot

Providing many hours of enjoyment for persons of varied walks of life in Marion is the Marion Model Railroad Club which has its headquarters in a building at the Union Depot supplied to the club by the railroads serving the city.

At present, the club has 13 members who spend anywhere from four to eight hours apiece each week working on the track layout at the building. The membership list includes two housewives, a salesman, a truck driver, a carpenter, a machinist, an office worker, a plumber and detective on the Erie Railroad.

—:—

JOSEPH WELCH of 339 E. Church St. is president of the club. His wife, Peggy, is secretary. John Roszman is the vice president, and W. Forrest Roush is treasurer.

About 400 feet of HO gauge track is included in the track layout at the club room. All the track, switches, bridges, control boards, roundhouse turntable and many buildings used as scenery are owned by the club.

Each member supplies his own rolling equipment of locomotives and cars.

Once a month the club holds a regular business meeting. In addition, the members meet on Tuesday evenings and Sunday afternoons to work on the track layout. Besides those times members may go into the building to work on their projects at any hour.

Early this month, the club put on a demonstration of its equipment for Boy Scout Troop 4. Two weeks before that, a show was done for Cub Scout Den. 3. At both of those events, the scouts showed much enthusiasm over the workings of the model trains.

—:—

ALL EQUIPMENT used by the club members is built to scale

PROVIDING ENTERTAINMENT for members as well as visitors is the Marion Model Railroad Club with headquarters in the Union Depot. This week, the club put on a demonstration for the second group of Scouts to visit the club within a month. This time, about 20 members of Troop 4 in Marion were given a show. Here Jack Roszman, vice president of the club, shows Mike Dunaway (left) and Edgar Lust (right) the workings of one of the four control boards which control movements of the trains.

every piece of equipment is in proportion to the size of actual railroad equipment.

Members usually build their own equipment, buying kits which have all the parts included and which need assembling, finishing and sometimes painting.

Power for the equipment is supplied by a battery charger which supplies 12 volts of DC current to the tracks. A maze of wires leads from the tracks and switches to four different panel boards which are used to operate the trains smoothly.

Members of the club try to keep their operations and equipment as realistic as possible. Both freight and passenger trains are operated over the tracks with a maximum of three trains in operation at the same time to assure maximum performance.

No signal control system has been installed at the layout as yet, but club members hope to be able to purchase that equipment in the near future.

—:—

A VAST REVISION will be undertaken in the near future of the car yards section of the track. This was made necessary and possible by the offer of one of the members to donate quite a bit of track and switches to enable trains to enter the yards from both ends. At present, the trains can enter the yards from only one end of the layout.

The club desires to increase its membership to 20 persons as soon as possible. Several years ago, it had almost completely died and was down to two members, but is in the process of rebuilding now. Persons interested may contact any club member or Mrs. Welch who has membership blanks at her home.

Most model railroaders dislike the modern trend of present-day railroads to the use of diesel power and prefer the old-fashioned steam locomotives in their models. However, at the Marion club all kinds of locomotives and cars are seen.

The club has had requests from five other groups to put on shows in the near future. Welch said that if the club members can get present remodeling plans completed soon and approve the idea, public showings may be held which would be open to anyone.

Unions

(Continued From Page 1)

Schnitzler will have the same title in the merged federation.

The CIO won the right to enter the AFL as a union group and to organize entire plants from top to bottom in individual unions without regard for AFL crafts.

In addition, it was agreed that the leadership for the ambitious new member organizing activities would come from the CIO.

The key question of whether unions would be allowed to "raid" or seize each other's already - organized members was left open. Reuther had wanted a definite police system to stop this, but it was agreed only that "raiding" was a disease which ought to be discouraged.

The merger agreement contained intentions to include guarantees in the new constitution that would prevent racial discrimination among unions and effectively deal with union racketeers.

man (D-Lib-NY), Langer (R-ND) and Morse (Ind-Ore).

The treaty pledges that the United States, in accordance with its constitutional processes, will help Formosa, the Pescadores and "such other territories as may be determined by mutual agreement."

The Chinese Legislative Yuan already has approved the new pact, so its provisions take effect as soon as ratification instruments are exchanged.

Communist China and Russia have bitterly denounced the treaty as proof of American "aggression" on Chinese soil.

How Ohioans Voted

WASHINGTON (AP)—Ohio Republican Senators Bender and Bricker yesterday voted for ratification of the Formosa mutual defense treaty, approved by the Senate 64-6. Both voted against two amendments to the treaty proposed by Sen. Morse (Ind-Ore). One proposal, to keep the treaty separate from the legal status of the island, was defeated, 57-11. The other, to eliminate provisions making treaty terms applicable to territories other than Formosa and the Pescadores, by mutual agreement, was rejected, 60-10.

would be a rather remarkable feat.

Russia is expected to continue major emphasis on nuclear weapons, air power and air defenses despite the ascendancy of famous ground force officers to high position in the government.

Marshal Georgi K. Zhukov, new minister of defense, is an old career soldier who fought World War II with artillery, troops and tanks. But American officers who knew him during the days of Russo-American alliance say he is well rounded in all phases of military operations and weapons.

Delaware Mother Calmly Awaits Delayed Arrival of Second Twin

DELAWARE — The delayed birth of her second twin and the publicity brought on by the delay don't seem to upset Mrs. Bernard Schnees of Delaware.

Thirty - four - year - old Mrs. Schnees gave birth Jan. 28 to a premature three pound 11 ounce son. On March 22, a little over seven weeks later, she expects the second twin to arrive on schedule.

But Mrs. Schnees today went calmly about her houshold duties, seemingly unflustered by the nation-wide attention her twins are drawing.

The young woman is the mother of three other children, Bernard Jr., 4, Beverly, 3, and Rodger, 14 months.

Expected March 22

Her physician, Dr. James C. Parker, said he expects the second birth to occur about March 22, the date the birth would have taken place had Mrs. Schnees' pregnancy been normal.

Just how unusual the births are, will probably be determined by the delay in the second twin's arrival. According to a report by newsmen in Chicago, Dr. M. E. Davis, chairman of the department of obstetrics and gynecology at the University of Chicago, says the delayed birth could be "an extremely rare phenomenon." He said the actual span between the births would determine the unusualness. He referred to a case in Australia in 1953 where the delay amounted to 56 days.

A spokesman for the American Medical Association in Chicago reported, however, that delayed births are "not too unusual." No records are kept on delayed births, the spokesman said.

Lists Two Possibilities

The Delaware mother's physician says the delayed birth might have been caused by two possibilities. He said one is a "super fecundation," the simultaneous fertilization of two ova by two separate sperm. He said that possibility is so rare he is inclined to discount it altogether.

The more likely possibility, he added, is that Mrs. Schnees has a "bi-coruate" or two-horned uterus, similar to two wombs sharing a common neck, and that separate eggs were fertilized in each section.

The twins will be of the fraternal type, developed from two eggs, are not necessarily the same sex and may be quite unlike, Dr. Parker reported.

Mr. and Mrs. Schnees have named the first twin Douglas Lee. The second will be named Dennis Lyn or Deborah Lyn.

When Douglas Lee was born, Dr. Parker ordered him put in an incubator and began special care. The infant is reported gaining weight and expected to be ready to come home in about a month.

Mr. Schnees is co-owner of the Morris and Schnees Trucking Co. in Delaware.

Traffic Cases

One driver was fined $15 and costs when he appeared in Marion Municipal Court Wednesday.

Robert Smith, 21, of 539 Park Blvd. pleaded guilty to a charge of having no mud flaps on his truck.

District Traffic Cases

Three arrests were made outside of Marion County Wednesday by state highway patrolmen from the Marion post.

Alfred R. Kreimer, 36, of Terrace Park, O., was fined $15 and costs on a charge of excessive speed when he appeared before Mayor Emery Murphy of Mount Gilead.

Dorothy N. Davis of Mount Gilead was given a citation to appear Friday before Mayor Murphy on a charge of failing to obey a stop sign.

Herbert Johnson, 25, of High Hat, Ky., was fined $10 and costs on a charge of having no mud flaps. He appeared before Cardington Mayor Don Healea.

Eaton Mfg. Co. Names Purchasing Manager

Retirement of Vincent Cada as manager of purchases for the Eaton Manufacturing Co., and appointment of H. A. Williams as his successor were announced today.

Williams started with Eaton as a factory timekeeper and moved on to paymaster, plant controller, and for the past few years general plant controller.

Cada leaves the company after 38 years of tenure. He began in the capacity of buyer with the Axle Division in 1917

has ever been cheered in Moscow.

I remember Zhukov sitting around a big table in Berlin shortly after the war. Eisenhower was across the table. Field Marshal Montgomery of Britain was down at one end. A French general whose name I can't remember was at the other end.

Beside Zhukov sat the late Andrei Vishinsky, then deputy foreign minister. I stood just behind Zhukov and Vishinsky, so close I could have flicked cigarette ashes down their necks.

Eisenhower made a proposal. When he finished, Vishinsky poked Zhukov in the ribs. He poked him with his thumb. Obediently Marshal Zhukov got to his feet and recited a routine Soviet reaction to what Eisenhower had said. If I remember correctly, it concerned some minor details of setting up a four-power command in Berlin.

Zhukov was still in the full flight of oratory when Vishinsky suddenly grabbed him by the tail of his smart fawn colored military jacket and—with a yank—pulled him back into his seat.

"You've said enough," Vishinsky whispered to him in Russian.

I looked at Zhukov's broad beefy neck. Perspiration stood out around it like a string of pale pearls.

Montgomery made a suggestion and once more Vishinsky poked Zhukov. He jumped to his feet again.

Later we asked some of the high American and British brass about Zhukov at conferences.

mediately in case of a sudden war."

Russell and Sen. Byrd (D-Va) told newsmen they are undecided on the issue.

Chairman Vinson (D-Ga) of the House Armed Services Committee reiterated his support for the President's program.

But McCormack said that in view of developments ranging from the Soviet political change to the Formosan situation, "I cannot understand how any leadership would not immediately reconsider the proposed reduction of the Army and Navy."

Representatives Brooks (D-La) and Winstead (D-Miss) also threw their support to demands for a reappraisal of the program after hearing what they described as a second warning by Gen. Matthew B. Ridgway.

The Army chief of staff told a House subcommittee yesterday that only active forces could supply needed Army units at the outbreak of war. Earlier, he had testified the decision to cut the Army "jeopardizes our security . . to a degree."

AFTER SENTENCING the three boys, Judge Ruzzo said the fourth would probably receive a comparable sentence when brought before him unless he could produce evidence that might lessen his guilt.

One of the boys who had been held at the Detention Home since his release from the hospital was given credit for the four days toward his 10-day sentence.

Judge Ruzzo urged parents of the boys to make restitution to the owner of the stolen car for damages which were done to it. The entire car was extensively damaged in the mishap. The judge said he had no authority to compel the parents to pay for the damage, but said he felt they should make restitution.

$3,000 Blaze Damages Home

Firemen in 1½-Hour Battle; Chimney Hit

Marion firemen battled a fire which caused an estimated loss of between $2,500 and $3,000 for almost an hour and a half Wednesday night, Fire Chief O. A. Sifritt reported.

The fire was at the Earnest Tackett home at 895 York St., where a defective chimney at the roof line started the fire when it burned out, Chief Sifritt said.

Apparently, sparks set the attic on fire under the roof, and the fire was not discovered until flames broke through the roof and were spotted by neighbors at 8:24 p.m., he said.

When firemen from the Central and W. Center St. stations arrived, the entire attic on the two-story house was in flames.

Judge

volved from personal injury and property damage, which has an adverse effect upon the entire family of the offender. The innocent as well as the guilty members necessarily share this detriment.

"There has been a great deal of grumbling and complaining among the young people of this community during the last few months relative to the curfew ordinance. The curfew ordinance is not a perfect piece of legislation. No law ever is. But the fact remains that no harm can befall the young person who is off the streets at 11 p.m., while a great deal of harm can and frequently does befall the deliberate violator of the curfew ordinance.

"Our young people are also complaining about the fact that in traffic offenses their drivers' licenses are being suspended in wholesale fashion. They maintain that for the same or similar offenses adults get off with a light fine. This simply is not true. Our adult courts are also suspending drivers' licenses when the facts justify such action. Moreover, the average adult needs his driver's license to provide a livelihood for his family. The vast majority of driving among juveniles is unnecessary at best.

"Finally, (and this is perhaps the most important of all) the adult who drives his car assumes total responsibility for its purchase, operation and liability arising from the operation. The teenage driver, on the other hand, drives Papa's car on Papa's gasoline, and if an accident occurs as a result of his reckless operation, it is Papa or his insurance company which pays the bill.

"Our young people today are undoubtedly the best-informed and the best-educated in our history, but they are not yet ready to assume complete self-government. We look forward to the day when such an ideal situation might prevail. Indeed, we firmly believe that the tremendous increase in juvenile delinquency in this nation will begin to decline only when the young people themselves decide that delinquency is strictly kid stuff and make up their own minds to do something about it. Despite the advancement of our younger generation, they can still learn much from their parents. Mark Twin once said that when he was 14 years old, he thought his 'old man' was the dumbest guy in the world, but when he became 21 he was amazed at how much his father had learned in just seven years. That chestnut contains a great deal of wisdom."

Dollar Days Discussed

Plans for the February Dollar Days next week were discussed when members of the retail promotion committee of the Chamber of Commerce attended a luncheon meeting Wednesday at Hotel Harding.

Tom Gaitens, chairman, is being assisted by William Seay and Norman Smith on the Dollar Days committee.

Bird-McGinnis Post Initiates New Members

Seventeen new members were initiated when Bird-McGinnis Post No. 162, American Legion, met Tuesday night in the Dugout. The degree team was in charge of Craig M. Rogers, assisted by Clifford Chapman, Ralph Carhart, Norman Fogt, Newton Cunningham and J. A. Dripps.

Membership cards for the national Double-5 Club were presented to 16 members in recognition of each having secured 10 or more members for the post. The presentations were made by Dennis J. Malloy, first vice commander of the post in charge of membership.

Receiving the cards were Don Williams, commander, John Dean, Howard Sines, Dr. Gerald Strauss, Charles Browning, Fred Thacker, Jewell Ralston, Newton Cunningham, Dr. George W. Pfleiderer, Craig Rogers, J. A. Dripps, Jerry Wynn, William Arndt, Birtle Van Horn, Clifford Chapman and D.J. MacDonald.

A large group of members of the clud, all World War I men, were presented special membership cards, signed by the national commander, Seaborn Collins of New Mexico, for 35 years' continuous membership.

A report was given by William Smith on the post essay contest and winners were announced. Subject for the essays was "The Effect of Spiritual Guidance In the World Today." Essays were submitted from Marion and Morral schools to the local post. The winning essays will be forwarded to Dr. Pfleiderer, county commander, for judging, along with others from the county and selection of county winners. The judges were R. E. Copeland, C. M. Rogers, Dr. Strauss and Don Williams.

Junior Baseball program for the year will be in charge of Noble Huffman, who will be assisted by Donald Kay and Max Roseberry. Mr. Dripps gave a report on the bowling team and announced it will participate in a state Legion tournament March 5 in Springfield.

Mr. Van Horn, chef de gare of Marion Voiture No. 48, 40 et 8, announced an initiation will be held Saturday night, Feb. 19, at 8 p.m. at Cardington.

Bucyrian Injured In $800 Motel Fire

BUCYRUS—A Bucyrus man was treated at City Hospital for injuries suffered in an $800 fire which broke out about 4 p.m. Wednesday in the utility room of Morton's Motel, three miles east of Bucyrus on U.S. Route 30-N.

Orville Lust of near Bucyrus was replacing a thermostat in a water heater in the utility room of the motel when the heater ignited. He suffered a cut on the head and burns on his right hand, was treated and released from City Hospital.

The Bucyrus fire department's township truck answered the call and firemen were able to prevent the blaze from spreading. Damage was to the heater and the building around the heater. Sulphur Springs firemen were also called, but the fire had been extinguished when they arrived.

Owner of the motel is Russell Morton.

3 Boys Admit Minor Crime Wave in County

Three young boys who had "nothing to do" are in detention home today after they admitted to sheriff's deputies they had stolen a one and one-half horsepower engine from the Morral Supply Co., stolen the Morral Supply Co.'s one-half ton pick-up truck, tried to steal an automobile, and pilfered about 12 other cars in the Morral area.

The gasoline engine led to the boys' apprehension, deputies reported. Deputies received a report early this week from residents of the area who saw the boys operating the motor.

On checking, deputies found all identification had been stripped from the engine. They contacted officials of Morral Supply who identified the engine as one which had been stolen Jan. 3 from their elevator.

Going to the Morral School where the boys were in class, deputies confronted the boys with the stolen engine. The boys reportedly broke down and confessed the other deeds. One is 12 years old and the other two are 13.

They admitted they had stolen some sample packs of cigarets from a dealer's car in the village and passed them out to their friends.

They also admitted they had taken the truck, driven it for about 10 miles, damaged the bumper of the truck, then returned it to the company.

Besides that, they told deputies they had tried to steal the car of Carl Montgomery of near Morral, but had been unsuccesful in the attempt.

The car pilferings were all of petty goods and included flashlights, groceries and candy. Many of the incidents were never reported to the sheriff's office, deputies said.

Facts in the case will be presented to the county prosecutor's office this afternoon for possible action, deputies reported.

Taxes

Young Taft succeeded in getting House approval of his bill to give judges authority to order custody and support of minor children while divorce cases are pending in court.

High spots among the measures offered yesterday included bills and resolutions to:

Carry out Atty. Gen. C. William O'Neill's recommendations to control illegal narcotics traffic with stiffer penalties and tighter enforcement.

Set a $50 fine for tossing beer bottles and trash along highways.

Create a municipal court in Marietta.

Create a domestic relations court in Butler County.

Set a 60 m.p.h. limit on state highways; 65 on turnpikes.

Increase county commissioners' salaries on a new formula with a minimum of $3,000—instead of $2,000—and a top of $13,500, up from $7,500.

Appropriate $1,450,000 for improvements at Gallipolis State Institute.

Claiborne Couple To Mark Golden Wedding Sunday

A family dinner at noon and open house in the afternoon and evening Sunday will celebrate the golden wedding anniversary of Mr. and Mrs. John Styer of near Claiborne. The celebrants will receive their friends after 2:30 o'clock in the afternoon.

The couple were married Feb. 15, 1905, in the home of the bride's parents, by Rev. H. V. McClery of Radnor, a Methodist minister. Mrs. Styer before her marriage was Miss Minnie Bonner, daughter of Mr. and Mrs. Lemuel Bonner. Mr. Styer's parents were Mr. and Mrs. William Styer.

They have six children, 23 grandchildren and 11 great-grandchildren. The children are: Charles Styer of Mount Gilead; Mrs. Foster Savage of Kenton; Mrs. Rube Gosnell of Green Camp; Ernest Styer of Richwood; Mrs. Harry Brady of Columbus and Roy Styer of Raymond.

Mr. Styer has two sisters, Mrs. Mellie Warner of Dayton and Mrs. Carrie Grooms of near Marysville, and four brothers, Webb Styer of Cardington, George of Sunbury, Fay of Richwood and Perry of near Bucyrus.

Mr. and Mrs. Styer are members of the Folton Creek Methodist Church near Radnor. He is a retired farmer.

Talent Revue Scheduled At School in Marseilles

High school students from Ohio and surrounding area are expected to participate in the Ohio Talent Review scheduled to be held this Saturday at the Marseilles High School.

A baton twirling contest will be the main feature of the day's events which will get under way at 9 a.m. and conclude at 9 p.m. under the sponsorship of the senior class.

Robert Strahm, superintendent of the school, is in charge of arrangements for the day.

Divide Soil District Has Record Year

BUCYRUS — The annual report of the Crawford County Divide Soil Conservation District has been completed, LaVern Eichhorn, board secretary, announced here today.

During 1954, farmer-cooperators in the program topped all previous accomplishment records in completing conservation improvements.

Work completed included 1.8 miles of grass waterways, 386 acres of farm drainage, 13,544 rods of tile, four-tenths of a mile of open ditching, three-tenths of a mile of terracing, six-tenths of a mile of diversion, 388 acres of woodland protected, eight acres of woodland improvement, 26 acres of woodland planting, 1,445 rods of multiflora rose fence planted, 28 acres of wildlife area improvement and 15 farm ponds constructed.

Eichhorn pointed out that the improvements were installed by the farmers either using their own equipment or by hiring an earth moving or drainage contractor.

Southward's Murder Trial Enters 10th Day

WASHINGTON COURT HOUSE, Ohio (AP)—The trial of Jack Southward, 24, on a first degree murder charge enters its tenth day today with five prosecution witnesses slated to take the stand.

Miss Mary Sauer, a stenographer, yesterday testified she heard Southward's wife, Ruth, 23, charge the accused man with deliberate intent to kill shortly before her death. Miss Sauer said she took the statement from the dying woman.

The Washington Court House stenographer was one of 10 prosecution witnesses who testified yesterday.

Fayette County Prosecutor John S. Bath said state witnesses may conclude their testimony today. Southward's wife died last Sept. 10 in a Columbus hospital of gunshot wounds received two days earlier.

Just What Is A Dessert?

The word comes from a French word, "Desservir" which means to "clean the table." It is the last thing on the menu. When you dine at the Ritz you have your choice of many different desserts, from old-fashioned apple pie to fresh fruits, ices and ice cream. We take just as much pride in our dessert department as the other important spots in our fine place to eat.

Buckeye Four Will Sing

PRESENTED IN A "Parade of American Music" Monday night by the Marion Lecture-Recital Club will be the championship winning quartet from the local Eagles Lodge, the Buckeye Four, and a Bucyrus musician, Mrs. Jenola Ackerman. She will present two groups of numbers on the electric organ. Place of the program will be the Recreation Room of First Presbyterian Church.

Members of the quartet are, as pictured above from left to right, Hubert Hoch, William Cowles, Arthur Ward and Robert Heimlich.

In line with the National Federation of Music Clubs emphasis this year on music forms developed from the pioneer history of America, the local club arranged for the Feb. 14 musical event here months ago. It will take the place of the usual spring concert by the Lecture-Recital Club chorus for which admission is charged. The chorus will give instead an Easter vesper musicale in March.

National champion quartet of the Fraternal Order of Eagles, the Buckeye Four won its lodge honors in 1952, 1953 and 1954. The four have appeared frequently for engagements in Illinois, Michigan and other states besides Ohio before a variety of audiences, club, fraternal and other groups and have sung on radio and television. Perhaps the most noteworthy program participation was on the Milton Berle cancer telethon. The men have gained recognition in the field of music individually, in addition.

Their three groups of numbers Monday night will include one made up of Negro spirituals. Tickets are available from members of Lecture-Recital Club, Mrs. E. H. Moore, program chairman, announced.

6-STORY FALL FATAL

COLUMBUS, Ohio (AP) — Homer Nader, 69, of Columbus, died here yesterday after a six-story fall from the roof of Central Police Station where he was soldering a gutter.

Ohio Senate Okays Bill To Curb Party Line Phone 'Hogs'

COLUMBUS, Ohio (AP)—The Ohio Senate yesterday voted to curb telephone party-line "hogs".

With only one dissenting vote, the Senate passed a bill slapping $50 to $500 fines on persons who refuse to yield party-line phones in cases of police, fire or medical emergencies.

The bill now goes to the House where a warm welcome awaits it.

Sen Delbert Latta (R-Hancock), the author told the Senate his proposal was based on a long history of inconsiderate and "long-winded" party line users who kept talking even though their neighbors' houses were burning down.

Latta cited instances last year in Hancock, Ross and Licking counties where property damage or personal injury resulted when party-line subscribers refused to relinquish phone lines.

The bill provides stiff penalties also for persons who make fake claims of emergencies in order to obtain use of telephone lines.

The only vote against the bill was by Sen. Joseph Avellone (D-Cuyahoga), who professed to be dissatisfied with Latta's explanation the measure does not in any way condone wire-tapping or other wise do violence to a citizen's civil rights.

Green Camp 6th Grade Class Tops Polio Drive

The sixth grade class of Green Camp School led for the third consecutive year in the annual polio drive recently completed in that school

As fourth fifth and sixth graders they have reached the goal of $75 or better in their contributions The children solicit from friends and families but also make it a very personal project by denying themselves candy and other treats during the drive Several of them had saved from their allowances for several months

The class is already planning for next year and hopes to be the first junior high school class in the school to take top honors

They will receive three extra recreation periods as a reward

A recent test showed that 41 per cent of school teachers had eyesight defects which were so poorly corrected that they could not pass good vision tests

County Squads in Closing Round of League Action

Drawings for Tournament Slated After Friday Games

LaRue and Caledonia, co-leaders in the Marion County League hardwood race with 8-1 marks after two gruelling months, go against tail-enders Friday in the final loop session of the season.

While LaRue's lanky Indians travel to New Bloomington, Coach Len Walls' Caledonia sharpshooters will entertain Martel.

Both veteran senior outfits are expected to run their league marks to 9-1 and finish as loop co-champs with easy wins over their opposition. New Bloomington has dropped six straight league decisions and shows a 2-7 rating against county foes while Martel is winless in nine firmly in the league cellar.

—:—

COACH TED DENNISON'S Indians and Caledonia's Donians are marking their return to the county's forefront after lengthy absences. Caledonia was at the top of the county heap more recently, topping the county tournament title two straight years in 1947 and 1948. LaRue walked off with the county tourney championship in 1943.

Prospect, tied with Claridon for the runner-up spot in the standings, entertains Morral tonight while the Hornets entertain Waldo and Meeker is at Pleasant in wind-up contests Friday night.

Immediately following the Friday night league tiffs, the county coaches will gather at the home of Ivan Barnhart, assistant county superintendent of schools, for county tournament drawings. Drawings are slated for 11 p.m. at his home on Mt. Vernon Ave. The county tourney will get under way Monday night at Marion Veterans Memorial Coliseum.

Every league final tonight and Friday will have a bearing on the final standings.

Claridon and Prospect will be battling to hold onto their spots behind LaRue and Caledonia and leap into first should the Indians and Donians falter.

—:—

COACH Fred McCumber's Prospect machine will be seeking its seventh straight league victory since bowing to Caledonia 68-66 and Claridon 52-49 early in the season when it meets Morral. The Bulldogs kept their streak alive two weeks ago by handing LaRue its lone league loss 70-62. Coach Vern Hensel's Wildcats are fresh from a narrow 64-63 loss to Caledonia's county co-leaders.

Claridon will be on the rebound against Waldo after an 85-68 loss to LaRue last week. The Hornets lone league setback prior to that was a 74-60 early season loss to Caledonia. Waldo, despite its 2-7 record, shows one of the league's top defensive marks and has given up only 505 points in nine league tilts.

Undisputed possession of fifth place behind the league's "big four" is at stake when Meeker and Pleasant take the court at Pleasant. Both squads are presently tied for fifth behind LaRue, Caledonia, Prospect and Claridon with 5-4 marks. Meeker and Pleasant shsow losses to the same four clubs and the contest is figured to be close. Coach Walker Huffman's cagers are a slight favorite because of stiff competition they handed the county's leaders recently.

State's Leading Quintets Each Post Victories

By THE ASSOCIATED PRESS

Dayton and Cincinnati, two of the nation's top - ranked basketball teams, each rang up victories Wednesday night as Ohio Colleges ran through a heavy nine-game schedule.

The 16th ranked Flyers of Dayton struck out to an early lead and never relinquished it for a 78-62 win over Miami, the Mid-American Conference leader.

Cincinnati's Bearcats had more trouble with Xavier, but pulled out a last-minute victory, 70-69.

Bill Uhl, Dayton's seven-foot center, dropped in 31 points, while forward Jack Twyman spearheaded the Cincinnati victory with 22.

In three Mid-American Conference games, third-place Marshall measured Ohio University 84-74. Bowling Green edged Toledo 61-58 and Western Reserve defeated Kent State 85-76.

Reserve guard Tom Dakich pitched in 18 points for Bowling Green as the Falcons overcame a Toledo lead with less than two minutes to play. And the Western Reserve victory ended a nine-game losing streak. Dick Howard had 34 points for Reserve.

Mount Union snared its eighth Ohio Conference win in nine games, downing Ohio Wesleyan 71-64.

In non-conference action. Baldwin-Wallace had little trouble as the Yellow Jackets trounced Westminster of Pennsylvania 109-86. Heidelberg came back strong in the second half for an 60-75 triumph over Bluffton and St Vincent of Pennsylvania walloped Youngstown 81-60.

St. Mary Junior High Cagers Edge Taft 36-29

St. Mary's junior high school cagers squeezed out a 36-29 win over Taft Junior High School Tuesday night. The game was played as a preliminary to the St. Mary-Johnsville cage battle.

Taft's Dick Russell took individual scoring laurels with 14 points. Bob Claypool added eight for the losers. Moloney was high for the future Irish with 10 while Frank Grace added nine.

It was the final game of the season for the Taft cagers who finished with a 5-7 record.

LaRue Juniors Win

LaRue's junior high squad rolled to its seventh straight victory with a 56-35 triumph over Ridgeway on the LaRue court Wednesday night.

The undefeated LaRue club jumped into a 25-14 first period bulge and led the rest of the way.

Charles Herrick pumped in 18 points to pace the LaRue attack while Dave Guthery added 13 and Ray Hickman came in with 11. Dickerson with 18 topped the Ridgeway attack and Jordan had nine.

LaRue will travel to Ridgeway for another tilt Monday.

Loss to Prospect May Cost LaRue Title

SEEK TITLE. LaRue High School will be shooting to clinch a share of the Marion County League title Friday night when it travels to New Bloomington. Boasting an 8-1 league mark, Coach Ted Dennison's charges are tied with Caledonia for the lead. The Donians meet Martel in their finale. LaRue's only setback in the league chase came at the hands of Prospect. For the season, the Indians claim a 13-2 mark and were mentioned among the state's top Class B powers in this week's Associated Press poll. Members of the squad include, front row (left to right) Larry Hickman, Jim Weist, Alvin Culver, Phil Blue and Keith Cooper Back row (left to right) Norman Buyer, Raymond Hosey, Charles Boblenz, Bill Guthery, Bob Hughes and Larry Knapp.

Iron Dukes Get Invitation for NIT Cage Play

NEW YORK (AP)—The big grab bag is now open for the post-season college basketball tournaments, and the National Invitation (NIT) at Madison Square Garden has taken the initiative by plucking fourth-ranked Duquesne.

The Iron Dukes, runners-up year to Holy Cross in the event and present holders of a 14-3 record for the season, confirmed today they would play in the Garden tournament March 12-14-15-17-19.

The National Collegiate Athletic Assn. (NCAA) championship gets under way with regional playoffs March 7-8 and closes with the finals at Kansas City March 18-19.

Even if there were not a conflict in dates, NCCA rules would forbid a team playing in both tournaments. So there usually is a brisk tug-of-war this time of year for available strong independents.

The NCAA field consists of champions from 15 conferences and nine teams picked at large from the various regions.

Green Camp Charity Basketball Event Scheduled Friday Night

Green Camp High School's annual charity basketball program will be staged Friday night at the school gymnasium. Three games, highlighted by a tussle between the varsity and alumni, will take place.

The program will get under way at 6.30 when a team of alumni girls takes on a team made up of girls at the school. The second game will send the school's reserve basketballers into action against men teachers at the school. The alumni tilt will be the finale and will get under way around 8 30.

Proceeds from the games will be turned over to charitable organizations. Last year's program netted approximately $70 which was split among seven organizations.

Receiving money from the program were the Marion County Crippled Children's Society, the Sister Elizabeth Kenney Foundation, the American Bible Society, Girls' Town, Boys' Town, the March of Dimes and the United Appeals.

The Green Camp squad completed its regular season last Friday and is now preparing for its first assignment in the Marion County tournament slated to get under way next Monday night at the Coliseum.

Preceding the basketball action, the sophomore and junior classes will serve a soup supper at 5.30 p.m. Home made soup, chili, sandwiches, pie and coffee will be sold with those proceeds being used in the classes' Washington fund.

Harding Slated in 2 Games; St. Mary To Battle Freddies

Harding and St. Mary are winding up drills in preparation for rugged weekend assignments.

Coach Jim Lawler's Prexies remain on the road by traveling to Fostoria Friday night while St. Mary's Irish close out their regular season against Fredericktown on the Harding court. Harding returns home to battle Newark the following night.

Fostoria's Red Men will be out to make it two in a row over the Prexies after whipping the locals 79-63 here a month ago. Fredericktown, St. Mary's opponent, sports a 17-1 record and tuned up for tomorrow night's clash by whipping Mount Gilead's rugged squad 68-61 Tuesday night. Newark currently shows a 9-7 mark for the year

St. Mary will be trying to post its best record in three seasons against the Freddies. The Irish, with four straight wins under their belt, sport a 13-6 season record. Last season's record was 13-7 and it was 11-9 in 1952-53. Both marks exclude tournament action which upped the marks to 15-8 and 14-10 respectively.

—:—

HARDING WILL take a 4-11 mark to Fostoria and will be attempting to break its second losing streak of the season. The Prexies have dropped four straight since whipping Ashland three weeks ago.

A red hot shooting performance carried the Redmen to victory over the Prexies in the earlier meeting.

Bill Neikirk paced the well balanced Fostoria attack with 27 points while Bob Shaw came in with 19 and Tony Nixon added 16. Chuck Jackson with 11 and Jim McClung with six rounded out the scoring for the winners.

Nixon is the lone letterman in the Fostoria lineup and he along with Shaw are the tallest members of the Redmen varsity at six feet. Neikirk and Jackson, although standing under the six foot mark, are good jumpers.

Bob Messner, a starter at the beginning of the season, and Phil Sykes, a lanky reserve player, have been moved into the varsity lineup for Harding. Ted Bibler, Lowell Carlisle, Joe Snouffer, Phil Carroll and Gene Armstrong will join them in action against the Redman.

Gary Rine and Bill Frazier, a pair of forwards, are the big guns for Fredericktown. Each has dumped in 310 points in 18 games. Paul Seymour with 252 and Dan Hines with 126 give them support.

—:—

THE VISITORS are not exceptionally tall but have been hitting at a 40 per cent clip from the floor throughout the season. Againstt Mount Gilead, the Freddies hit on 48 per cent of their shots from the field.

Frazier is one of the tallest men in the Fredericktown lineup at an even six feet. He along with Rine, Hines, Barth Yost, and Seymour are lettermen back from last season's Knox County championship squad.

Fredericktown is missing Jim Tindall, a 6-2 center, who dumped in 23 points against the Irish last season. The Freddies walked off with a 73-54 win over St. Mary last year.

First Division Is Goal

Oriole Flag Hopes Hinged to Newcomers

This is one in a series of articles written by managers of the 16 major league ballclubs for the Associated Press in which the managers discuss their team s prospects for the coming baseball season

By PAUL RICHARDS
Baltimore Manager

WAXAHACHIE, Tex (AP) — Our goal for 1955 is to finish in the first division. I think we can do it for the simple reason that we have a much improved club over last year

We are improved in both offense and defense The Orioles finished seventh last year because of lack of base hits. The pitching was fine but you've got to get runs to win We didn't get enough

We've made a lot of changes this year. That's bound to help us greatly. We may get help from unexpected quarters but on the surface, the key new acquisitions, I believe, are four men They are outfielder Gene Woodling, catcher Hal Smith, third baseman Billy Cox and first baseman Gus Triandos Of course, we also expect help from such fellows as Harry Byrd and Jim McDonald

Equal Opportunity

If three of these fellows come through, I feel sure we'll finish in the first division You can be certain of one thing Everybody will get an equal opportunity to win a regular job Another thing I ll use every available man in order to win games.

It may drive the scorekeepers crazy but we intend to platoon our starting lineup at practically every position and we won t hesitate to make multiple changes in mid-game if our opponent switches pitchers Right now I d say the only men exempt from my substitution plan would be Woodling and Smith

The trades we made have given us what I consider real depth By platooning lefthanded hitters against righthanded pitchers and vice versa we'll be getting the very best out of our bench At the moment we expect to platoon Triandos and Ed Waitkus at first base Cox and Bobby Young at second Gil Coan and Hoot Evers in right field and Cal Abrams and Chuck Diering in center

We should be able to come up with a workable third base-shortstop combination out of the bench which includes Bob Kennedy, Witty Quintana Kal Segrist Vern Stephens Fred Marsh and the switch-hitting Willie Miranda Cox of course could be available for third base if he isn t used at second.

Big Leaguer

Although Smith never played in the majors, I am sure he s a Big League receiver At Columbus last year he was the best in the minors and we re going all out with him That s where you start building a team—behind the plate Without top catching there is no such thing as a top club Whether Smith is a Big League hitter is something we've got to find out He hit 350 in the American Association last year That suggests he ought to be pretty good with a bat in his hands.

One of Baltimore's big problems last year was that No 4 hitting spot Nobody seemed to be able to do the job There was no big sock guy to knock in the runs

High Regard for Gene

I believe Woodling can handle that job I have always had a high regard for Gene as a clutch hitter Hitting between Coan and Waitkus on certain days and Evers and Triandos on others, he might knock in 85 or 90 runs for us

Right now I ve got to say that New York and Cleveland are the class of the league but we're not conceding a thing to anybody else One thing you can count on The Orioles are going to be an interesting team to watch in 1955

Frick Orders Ban on Talking Of Expansions

NEW YORK (AP)—Restless major league owners won't be shooting their mouths off any more on a subject near and dear to their hearts — expansion Not for a while anyway

Baseball Commissioner Ford Frick made it known yesterday that he had issued a private order to that effect, stating that "minor league cities are being definitely harmed by this loose talk"

San Francisco, Los Angeles, Houston, Dallas, Fort Worth, Minneapolis, St Paul, Toronto and Montreal have been the names most often mentioned Practically everyone, including Frick, believes in the eventual swelling of the eight-team National and American leagues

But until such a move is feasible, Frick has put the "verboten" tag on all loose talk

Young Golfers Get Chance in Tucson's Open

TUCSON, Ariz (AP)—Eager youngsters are expected to play important roles in the $10,000 Tucson Open Golf Tourney starting today

The youth movement may be helped by the aches, pains and rustiness of some of the established, consistent money winners

The 6,409-yard, par-70 El Rio Golf and Country Club course should also help the younger lads There isn't a hard hole in the lot, Peter Thomson of Melbourne commented "We have courses as easy as this in Australia although we don't play tournaments on them"

Ed Furgol, St Louis, Mo, the U S Open champ, has a cold and complains of pains in his chest "I never felt so bad in my life," he said yesterday Aches and all, Furgol will be dangerous He shot a 6-under-par 64 in the pro-amateur yesterday to win $50 So did Ed (Porky) Oliver, Lemont, Ill

Tommy Bolt, the tempestuous Texan from Houston, is defending champ here but has had a nasty cold in his shoulder that has hurt his play.

Lloyd Mangrum, Niles, Ill, couldn't come here because of liver trouble He and Jimmy Demaret, Kiamesha Lake, N. Y, each have won here, twice

Chandler Harper Portsmouth, Va, another former winner here and an ex-PGA champ flew here yesterday He is starting his first tourney of the winter 'Gosh I'm rusty," he said "I haven t had a chance to do much practicing"

North Carolina Cagers Record Scoring Mark

By ED WILKS
Associated Press Staff Writer

It appears that if North Carolina State can't be the "fustest" among the nation's college basketball teams, the Wolfpack at least is going to try to be the team with the "mostest."

The Wolfpack, at one time No. 2 in the Associated Press poll but down to No. 7 this week, is the first team to win 20 games this season. They did it 126-99 last night against William and Mary at Norfolk, Va.

In their last three games, the Pack has scored 359 points.

There was a total of 85 field goals in the game—22 of them by Ron Shavik of NCS He added 11 free throws for 55 points and a new record by an Atlantic Coast Conference player. The loser's John Mahoney was away back with a mere 37.

The 126-point total by NCS—ineligible for the NCAA playoffs, incidentally, because of a probationary ban last spring—was a new high by an ACC team. Wake Forest had set the previous high only last week with 120 against Clemson.

Elsewhere, San Francisco kept its pace as the No. 1 team in the poll and the nation's defense leader with a 72-52 victory over College of the Pacific. Big (6-10) Bill Russell took charge of the boards and scored 27 points for the Dons in their 15 straight success.

Kentucky, making its first start since falling out of the No. 1 spot in this week's poll, knocked Georgia for a loop in the Southeastern Conference 86-40. The Wildcats, ranked No. 2, led 50-20 at the half and experimented the rest of the way They're 16-2 for the season and 8-2 atop the SEC.

Fourth-ranked Duquesne, which yesterday ruled itself out of a possible NCAA at-large playoff berth by accepting an NIT bid, choked off Carnegie Tech 62-27. It was a gentlemanly game, Tech committed three fouls and the Dukes seven. All-America candidate Dick Ricketts was high with 16 points.

Dayton, ranked No 16, got ahead early and stayed there to defeat Miami (Ohio) 78-62 with 7-foot Bill Uhl tapping in 31 points And Cincinnati (No. 17) called on Jack Twyman for its last five points to edge Xavier (Ohio) 70-69.

A pair of upsets popped up, Georgetown (D.C.), which lost four players in training rules trouble last week, knocked off 19th ranked Villanova 84-79 as Ray Mazza scored five points in the closing minutes to stand off a Villanova rally. In the Southwest Conference, Southern Methodist surprised Texas Christian 84-70.

It was the first SMU success against the Horned Frogs since 1949, but TCU still held on to the league lead over the runnerup Mustangs. Jim Krebs, 6-8, SMU center, held TCU's Dick O'Neal, among the nation's scoring leaders, to 15 points while collecting 25 himself.

Upsets Continue in Open League Court Contests on YMCA Floor

The YMCA's strong Open Basketball League continued to remain a toss up for league honors after the second round of play last night. Both the winner of the first round and the runner up were dumped as Bibler's Vaults dropped Marion Implement and Supply in an overtime and Radnor defeated Garvins Sunoco of Bucyrus.

Bibler's, displaying its best passing attack this seasan, got off to a first period lead which Marion Implement regained in the final period but lost in the overtime Bibler's victory came by a 68-63 margin. Rolling to a 17-11 lead at the finish of the first period, the winners saw their point bulge drop to four at half time and to a single basket entering the final period.

The final quarter was a thriller as both teams traded basket for basket until the final gun. Bibler's took off in a sizzling display of shooting in the three minute overtime by scoring 11 points to the three baskets and six points racked up by Marion Implement Don West and Bud England paced the winners with 20 and 16 points each while Bob Richie was high for Marion Implement with 19

Radnor, which finished the first round in the number five spot in the league, came back for the second week in succession to knock off one o the loop's top teams. Last week it dropped Morral Supply in a double overtime and last night walloped Bucyrus. first round runner-up, by a 64-52 count. Playing through three quarters with a slim lead of one and two baskets, the winners caught fire in the final stanza Merle Daum, added to the Radnor roster in the last half of the first round, topped the victors' scoring with 20 points while Bill Stewart added 14 Jim Young of Bucyrus was high point man for the game with a total of 21.

Morral Supply evened its league record at one win and one loss by chalking up an easy win over the Marion Cardington Merchants 73-43. Four men on the Morral roster broke into the double figures as Merle Hilborn, Jack Daum, Ron Craycraft and Dick Howard each had 12 points or better Hillborn was tops with 19 while Daum was second with 18 Dale Underwood topped the losers' scoring attack with 18 points.

The YMCA Open League will continue action next Wednesday. Top game of the evening will be staged at 9 p.m. when the Morral Supply tangles with Bibler's Vaults. Both teams dropped upset's last week and cannot take another loss without seriously damaging hopes for the league title. Bird-McGinnis will attempt to drop Bucyrus out of league contention at 7 p.m. while Radnor will attempt to make it three in a row against the Marion Cardington Merchants at 8.

Fluoridation

By George Sokolsky

Most people know as little about fluoridation as I do. Most of those who favor it and oppose it and are littered with propaganda on both sides would find it difficult to explain why anyone should get all hot and bothered about this business of pouring another poison into our water. For our health, our water has been chlorinated and the real effect is to give it so horrible a taste that alcoholism is on the increase.

SOKOLSKY

So now they are to put fluorides into our water to save our teeth. My suspicions are naturally aroused because so many dentists are for it. They must have grown eleemosynary of late to favor something that they claim will put them out of business. As I have no teeth of my own, perfect teeth are of small moment to me personally, but I too can be eleemosynary and favor something that benefits someone else, if it does.

-:-

THE QUESTION that arises in my mind is, suppose 10 or 20 year from now, the professors change their minds about fluoridation. Suppose they say that instead of saving teeth, it harms something else.

I read an article in the "Scientific American," entitled "A Study of the Anti-Scientific Attitude," and discovered that the authors, Bernard and Judith Mausner, agree with Sen. Fulbright that there is a "swinish blight of anti-intellectualism," and that whoever says that if you want to use fluorides for the teeth, get it in a bottle at a drugstore instead of in the water-works, is an aforesaid swinish anti-intellectual.

This broad generalization reminds me of the anti-Fascists who denounced everyone who despised Stalin as pro-Fascist, and the anti-Communists who believe that everyone who reads the "Daily Worker" is a Communist.

In a word, here is supposed to be learned writing on a technical subject which I pick up to inform myself and find in the first paragraph a polemic on the distrust of "intellectuals," which has nothing to do with the subject. I am sure that the Mausners, whoever they may be, regard themseleves as intellectuals but I doubt whether they can write learnedly on the moral systems of Maimonides. Thomas Aquinas, Spinoza and Kant and, if they cannot, I shall everlastingly deny them the title of "intellectuals."

-:-

UNLESS THEY can write several thousand words on the romantic period in music and unless they can speak authoritatively on the influence of Wagner on Verdi's "Otello," I shall mark them down as having no right to wear the Sign of the Egghead.

The trouble with a fellow who becomes fanatical about such a subject as fluoridation is that while he can explain why poison, if taken in small doses, might do no damage, or might even be beneficial, like opium, if one has a bellyache, he does not explain why it should not be sold in a drugstore so that the fellow who does not care for the stuff is not obligated to have it in his coffee. The answer, of course, is that it is a poison.

In a free society, no one ought to be forced to do what he chooses not to do, just as a Christian Scientist may eschew a physician, or a Jew, pork.

-:-

THESE CHOICES are made on religious grounds and therefore are protected by the Constitution, but fluoridation is advocated by dentists and social workers and therefore the Constitution may not be invoked to protect them.

I know much about teeth, not having any anymore. The question has always been in my mind whether I lost my teeth or the dentist lost them. I remember once being advised to use some stuff as a mouth rinse and then reading a paper by another dentist on how this particular stuff softens the gums.

How does one get his teeth back after his dentist gives him a free sample of gum-softener?

Reasonable people recognize that in a free society there ought to be room for some freedom of choice. Suppose a citizen does not want perfect teeth if he has to get it by drinking poison in small doses. He ought to have a choice. And the rest might buy their fluorides in a drugstore.

CIO Undercurrent

By Victor Riesel

There was one fiery speech delivered behind closed CIO doors in Washington the other day that was so hot it had to be struck from the official records.

VICTOR RIESEL

It was a 30-minute demand for the recognition of Red China and the swift abandonment of Formosa and Chiang Kai-shek.

The speech was thrown at the CIO high command at the most unstrategic of moments — just after the CIO leadership had been dining and cocktailing Senate and House leaders. And just as CIO president Walter Reuther was about to fly south for delicate negotiations with the leaders of the AFL, who are bitterly anti-Red China.

Last week started unsuccessfully enough for the CIO leadership, which is most sensitive over and most skilled in its public relations.

On the night of Monday, Jan. 31, Walter Reuther and his colleagues dined some 26 Democratic and Republican senators in the Hotel Mayflower.

-:-

FAR BE IT FROM CIO to forget the more proletarian workers on the Hill — and the next night CIO ran Mrs. Mesta a close second with a Hotel Mayflower cocktail party at which 150 representatives mixed well with the hors d'oeuvres and Reuther's people.

Sam Rayburn led the fraternizing congressmen of both parties—and the days of CIO class militancy seemed far away.

The next day, CIO's leadership went into its executive board session. All went well until almost closing time. Walter Reuther, operating on a split - second timetable, had to leave. Then Emil Mazey, second - in - command of the CIO Auto Workers Union insisted on taking the floor. No one knew whether or not he had cleared his speech with Reuther before his departure.

For the next half hour Mazey blasted President Eisenhower and the Nationalist Chinese on Formosa.

Mazey, secretary - treasurer of the UAW, bluntly said:

"What we ought to do is to cut off all financial, moral and military aid from Chiang Kai - shek. We ought to throw him off Formosa. We ought not to use a single soldier to protect him or any of his outposts."

-:-

MAZEY STATED there was no difference between the totalitarian government of Soviet chief Mao Tsetung in Peiping, and the Nationalist regime on Formosa. He asserted that there was logic in Peiping's drive for Formosa.

"If there were an armed island 200 miles off the U.S. coast, wouldn't we try to take it for security sake," he asked the assembled CIO chiefs.

Mazey then called for action by the CIO on a resolution which would recognize Communist China and seat her in the U.N.

There was support for the auto union's second - in - command. It came from as influential a force as Victor Reuther, brother of Walter. The brother is generally considered the man who shapes CIO foreign policy.

Victor Reuther denounced Eisenhower. He also called for the recognition of Red China. He characterized the demand for a cease - fire as nonsense if the U.N. did not seat a delegation from Peiping.

Victor was continuing a fight for recognition of Sovietized China which he had started behind the scenes at the December CIO convention. There, at first, he had Walter's support. Then Walter was swayed by CIO counsel Art Goldberg, CIO economist Stanley Ruttenberg, and CIO publicist, the skilled Henry Fleischer. Walter then ordered the convention resolution watered down.

-:-

NOW, ONCE AGAIN, the Victor Reuther - Mazey bloc is fighting to make recognition of Red China official CIO policy. If they succeed, it will have tremendous repercussions among the leaders of anti-Communist Oriental unions. (It is my personal belief that official CIO endorsement of the Victor Reuther - Emil Mazey policy would swing vital labor support away from the U.S. throughout the world.)

After these speeches, several CIO officials got up — slightly more than tepid under the collar—to battle with Mazey and Victor. Jim Carey, CIO secretary treasurer, was in the chair since Walter Reuther had left. Carey saw all the implications — for CIO's public relations and for the country as well.

He moved successfully to strike the speeches from the record. The meeting was closed. But not the incident. Both Mazey and Victor are influential — and are among the few in close contact with CIO president Walter Reuther. The fight to give CIO a British Labor party position in world affairs has just begun.

It will have have international impact on the cold war. Until new American labor appeared to the world to be solidly against even the slightest appeasement of the Soviet world.

Wrong Approach

By Hal Boyle

NEW YORK One of the nation's highest-paid delivery boys thinks too many young men today are trying to win success the wrong way. "They want a glamor job—a position with a title," said Alfred L. Hammell.

HAL BOYLE

Hammell is the delivery boy who heads the giant Railway Express Agency. Largely self-educated, although one college has conferred an honorary degree on him, he began at the bottom 45 years ago as a freight handler.

Today, the firm he directs as president has about 45,000 employes, rings up some 400 million dollars a year in making 90 million air and rail shipments to 23,000 American communities.

"It's a big mistake for young men to look only for the glamor jobs," he said. "Anybody who is afraid to get his hands dirty isn't likely to go very far.

"The jobs that have the least glamor on the surface often afford you the opportunity to get the most know-how of the business you're in."

-:-

HAMMELL got the glamor dreams out of his own system young.

"At 18 I set out prospecting for gold on an old mining claim of my father's in California," he recalled. "I spent 18 months chasing a rainbow that had no end. In that time I found $1,000 worth of gold—but it all went for beans, bacon and dynamite."

Hammell then sought employment with the old Wells Fargo Express Co. in San Francisco.

"You looking for a job or a position?" inquired the depot agent.

"Luckily, I told him I wanted a job," said Hammell. "If I had said I was looking for a position—I found out later—I'd have been right back out on the street.

"The pay was only $60 a month for a 60-hour week, but I was fortunate to have a boss like that man. He let me try my hand at everything, when I wasn't busy lifting freight. I got a good all-round smattering of the business."

-:-

HAMMELL ROSE step by step in the organization, moved himself and his family to 11 cities before becoming president 6 years ago. He feels young men are sometimes too reluctant to pull up roots and go wherever their job calls them.

"It's important not to be too particular about what your job assignment is, or where it takes you," he remarked. "Any new assignment gives you a chance to learn more about your business."

Hammell, a gruffly genial, bear-tall man weighing 240 pounds, enjoys rough - and - ready battling. Right now he's waging war with the U. S. Postoffice. It currently handles parcel post packages weighing up to 70 pounds. He wants it to go back to its old limit of 11 pounds.

"The postoffice today is in the fright business, and losing money," he said. "We're in the position of a free enterprise competing again a government tax subsidy."

At issue is millions of dollars in freight volume now sent at parcel post rates by mail order houses and gift shippers.

-:-

HAMMELL DIRECTS the movement of shipments ranging from a package of live lady bugs to entire freight train loads of fresh strawberries.

"We handle a surprising volume of white mice," he said. "And around Christmas we were bringing in 50 gift burros a day to the metropolitan area from Mexico.

Racehorses, fish, bees, elephants and wild animals now travel by express. Milking cows and goats in transit are all in the day's job with express agents.

Hammell keeps an ear close to the telephone on his desk, and prides himself that nobody has to go through a dozen secretaries to reach his ear.

So if someone shipped you a tropical fish and it arrived with one of its fins bent, just dial Murray Hill 6-7900—and ask for Mr. Hammell. He may not know how to bend the fin back in shape himself, but he probably can find someone who can.

ASKS NIKE EXPLANATION

WASHINGTON (AP)—Rep. Minshall (R-Ohio) has asked Army authorities to explain further the reasons for "Nike" (guided missile) installations near strategic U. S. cities, if security regulations allow it. Minshall said he belived opposition to the Nike system comes from "lack of understanding among the general public."

New Pipe Organ To Be Dedicated By Local Church

As part of the dedication at Forest Lawn Presbyterian Church of a new pipe organ Sunday, a recital on the instrument will be given at 4 p.m. by the congregation's organist, Mrs. Rolin Montgomery. She will be assisted by Mrs. J. W. Baker of Calvary EUB Church. The public is invited to this special program, the pastor, Rev. Floyd E. Kline, announced.

At the intermission recognition will be given the organ committee of which Dale Weston, C. A. Armbruster and Miss Ferol Burley were co-chairmen; to the Junior and Senior Choirs; and to all who shared in the task of rebuilding the organ "from the pipes down," and in remodeling the church chancel. The program is sponsored by the session and the board of trustees.

A reception following the recital will be under direction of Mrs. F. E. Kline, wife of the pastor, and the wives of the elders and trustees honoring Mrs. Montgomery, Mrs. Baker and the co-chairmen of the organ committee.

The recital program will include a group of numbers played by Mrs. Montgomery, "The Worship of God in Nature," Beethoven, arranged by Ellen Jane Lorenz; "Arioso" (sinfonia to Cantata No. 156), Bach, arranged by Peery; "Tersanctus" (Holy, Holy, Holy), Lorenz, based on the tune "Nicea" by Dykes; "Legende" (Opus 54, No. 5), Tschaikowsky, arranged by Hollingsworth; "Meditation" from "Thais," Massenet, arranged by Peery; and "The Holy Dove," Wilson.

Following the intermission, Mrs. Baker will play "Allegro," Dubois, organist of Chapel Royal, London; and "Adoramis Te," Palestrina, early Italian composer.

Mrs. Montgomery will conclude the recital with "The Lost Chord," Sullivan, arranged by Peery; and "Maestoso," Heller, arranged by Otis.

Ike To Shoot Quail

WASHINGTON (AP) — President Eisenhower flies to Thomasville, Ga., today for a weekend of quail shooting at the estate of Secretary of the Treasury Humphrey.

The chief executive and Humphrey were being accompanied by their wives and Mrs. Eisenhower's mother Mrs. John S. Doud. Eisenhower plans to fly back to Washington Sunday.

Recalled in Lamb Hearing

Coerced Into Falsifying Testimony, Witness Says

WASHINGTON (AP)—Government lawyers recalled to the witness stand today a woman who claims they "coerced" her into falsely linking publisher-broadcaster Edward Lamb with communism.

Due for her second day of testimony in her latest appearance was Mrs. Marie Natvig, a silvery haired divorcee from Miami Beach, Fla.

Mrs. Natvig said yesterday she was not telling the truth when she testified before a communications commission hearing last October that she knew Lamb to be a Communist sympathizer in Ohio in the 1930's. She accused commission attorneys of suggesting some of the testimony she now says was false.

Claims Coercion

Testifying as the Lamb hearing resumed after a long recess, she said she appeared as an anti-Lamb witness only because a commission attorney "coerced" her. She added commission lawyers "threatened" her with perjury if she retracted her testimony.

Mrs. Natvig was put on the stand originally by the commission in its hearing into allegations that Lamb —a Toledo, Ohio, resident who publishes the Erie, Pa. Dispatch and owns radio and television stations in Ohio, Pennsylvania and Florida —once associated with Communists and gave them money.

Lamb flatly denies the allegations, raised by the commission as an issue against his application to renew the license of his television station WICU at Erie.

Lamb was in the hearing room yesterday when Mrs. Natvig repudiated her sworn testimony about seeing him at Red meetings in Columbus, Ohio in the 1930's and at a leftist farm-labor convention in Chicago.

Mrs. Natvig stated that Walter R. Powell jr., who formerly headed the government's case against Lamb, "coerced" her into testifying against Lamb.

She said Powell mentioned that Cleveland (Ohio) police had her listed as a former Red in their records. But she also said that she testified falsely in saying that she ever was a Communist.

Powell now is an attorney for the National Assn. of Radio and Television Broadcasters. He is recuperating from a heart ailment, and could not be reached for comment.

Wants District's Industries Protected

Ohio Congressman, Ike Differ Over Tariff Policy

WASHINGTON (AP) — You might not think a toy balloon from Sandusky, Ohio, or a steel knife from Fremont, Ohio, could be very important to a new congressman.

But, A. D. (Dave) Baumhart (R), the new representative in Congress from the 13th Ohio District along Lake Erie, is finding that such products may make the difference in whether he's a 100 per cent administration supporter.

The manufacture of the balloons and knives is important to his district. And bicycles are built in Elyria, also in his district.

And in each case—and in other industries, too—manufacturers and workers are telling Baumhart that the administration's tariff-lowering proposals would hurt them.

Hurt by Imports

They say imports of such products already are doing them damage. The Case Corp., a Fremont cutlery concern, already has gone out of business.

"I'm a strong supporter of the Eisenhower program," Baumhart said in an interview. "But I always reserve the right to vote on national legislation which is in the best interests of my constituency.

"At the moment, I think this issue (reciprocal trade) affects more people in my district than any other. I would say that around 2,000 people are directly affected."

This adds up, Baumhart said, to a tough decision for him in casting one of his first important votes since returning to Congress. For this is really Baumhart's second term. He was elected to Congress in 1940 but resigned in 1942 to join the Navy.

A tall, erect man with a booming voice, the 46-year-old Baumhart has had considerable political experience beyond his brief congressional stay.

Served in Numerous Posts

He has been a state senator (1936-40), assistant to Ohio GOP Chairman Ray Bliss in the Taft senatorial campaign in 1950, and executive director of Citizens for Eisenhower in Ohio in 1952.

In addition, he served for more than a year as executive director of the Republican National Committee.

With a smile, Baumhart conceded that with the Democrats back in power in Congress "it was a poor year for a Republican to get a (legislative) committee."

He wanted, more than anything else, to land on the Merchant Marine and Fisheries Committee, which frequently is concerned with Great Lakes legislation. The man he replaced, Alvin F. Weichel, was chairman of that committee in the last Congress.

So Baumhart scouted around, talking with the many Republicans he knew—such as Reps. Thomas Jenkins and Clarence Brown of Ohio. And he got the assignment.

This committee, he said, may be concerned one day with legislation to govern the expected increase in merchant shipping in the lakes as a result of the St. Lawrence Seaway.

Additional Trip

The contemplated seaway also means additional trips to Ohio for Baumhart. Businessmen in harbor towns like Lorain, Sandusky and Huron are getting excited about the prospect of increased trade. Conferences with them often are drawing Baumhart to his district.

Incidentally, Baumhart is resuming a tradition for his district, started here in 1936 by then Rep. Dudley A. White. The tradition is Office 339 in the old House Office Building. Until a year and a half ago, every representative from the 13th District occupied that office. Then Weichel switched to another.

But when Baumhart got here, he asked for and got the old space.

There is no question, Baumhart said, that he will run for reelection in 1956. "But how about these rumors that you might want to run for the Senate in 1958?" he was asked.

"I was asked about that at a Republican meeting conducted by Ray Bliss in Columbus," replied Baumhart. "They wanted to know whether I would run if Sen Bricker retired. The answer was no. I put their minds at ease."

FLU EPIDEMIC

TOKYO (AP)—Tokyo's flu epidemic has hit 8,317 children, Kyodo news service reported today.

Akron Council Decides Pigeons Just Nuisance

AKRON, Ohio (AP)—Several weeks ago the City Council ordered the Health Department to exterminate by whatever means necessary the flocks of pigeons that have been plaguing downtown Akron.

Shoot them, trap them, gas them, ordered the Council.

But after criticism from the Audubon Society and other bird lovers, the Council this week rescinded reviousorderan dpass edan- p t si its previous order and passed another ordinance which simply declares pigeons are a "common nuisance."

Maybe the pigeons will be insulted and go away, the Council said.

RHYMING SIGNS OUT

SPRINGFIELD, Ill. (AP)—A highway safety bill introduced in the Legislature would prohibit those rhyming little advertising signs along highways. It would ban all signs designed to be read in sequence.

Second Death Final

EL MONTE, Calif. (AP) — Harry Apperson Jones, 67, was in a hearse en route to a mortuary last Sept. 1 when he revived and persuaded the driver to take him to a hospital.

A chronic sufferer from a heart condition, Jones had been pronounced dead by a doctor.

Last night Jones suffered another heart attack. And this time he was not revived. His body was taken to the same mortuary for which he started last September.

HOW TO BE A BETTER COOK ...and save money, too!" BY Mary Blake
Home Service Director, Carnation Company

TWO-LAYER VALENTINE CAKE

With your favorite brand package cake mix (calling for milk) use a mixture of 2 parts undiluted Carnation Evaporated Milk and 1 part water. Prepare according to package directions. When *cooled* ice between layers, on sides and top of cake with "Queen of Hearts icing."

QUEEN OF HEARTS ICING (Makes icing for 2 8-inch layers)

½ cup undiluted Carnation Evaporated Milk
2 teaspoon vanilla
¼ teaspoon salt
3 cups sifted confectioners sugar
½ cup butter
Red food coloring

Combine all ingredients except butter in bowl; blend until smooth. Add butter; beat until creamy. Add a few drops red food coloring to half of icing. Use white icing between layers, on sides, and over part of cake top. Form red icing on cake in heart shape—a cookie cutter will be a good pattern.

Murphy Stockholders Asked To Okay Proposal

Shareholders of G. C. Murphy Co. will be asked at the annual meeting April 12 to vote on a proposal to increase the authorized limit of indebtedness to $20,000,000. The last authorization was for $3,00,000 in 1930, when the company's sales totaled $17,498,023. In 1954 sales volume was $182,172,687.

Approval of the proposal would permit the use of present funds to call all the outstanding 90,000 shares of 4¾ per cent preferred stock, and would furnish maximum flexibility with lowered costs in carrying through an accelerated expansion program, the company announced today.

The company has a retail store in Marion.

Co-Manager Appointed For Local Kroger Store

Russell McBride is expected to arrive in Marion from Mansfield next week to become co-manager of the Marion Kroger Co. store, Alfred LaPierre, store manager, announced today. McBride has just recently completed a training period with the company.

He will take the place of John McGraw, co-manager of the local store for the last year and one-half, who has been promoted to the managership of the Kroger store in Delaware.

The Delaware position became available when Noel Corwin, formerly with the Marion store for approximately five years, was promoted to a post in the personnel office of the company in Columbus.

Railway Express Rates Reduced on Some Items

E. W. Coles, local agent for the Railway Express Agency, today announced a reduction in express rates on apparel shipped from New York and Jersey City to all points in the United States.

The reductions range up to 35 per cent on shipment of apparel and accessory items to many points. The new rates cover items of wearing apparel — footwear, gloves, handbags, hosiery, men's furnishings, mittens and purses— but do not include millinery or men's hats. The rates apply to shipments weighing 125 pounds and over.

The 100-pound rate which now applies from New York to Marion on wearing apparel shipments from 125 to 299 pounds is $5.99. The former rate was $7.45.

Public Dance Scheduled By LaRue Junior Class

The crowning of the "King and Queen of Hearts" will be the highlight of the sweetheart dance to be held Saturday in the LaRue High School auditorium from 8:30 p.m. until midnight.

The identity of the king and queen will remain a secret until the time of the crowning ceremonies to all except members of the junior class by whom they have been chosen. This class is sponsoring the dance which is open to the public.

Dance music will be by Chuck Boblenz's Stardusters with Barbara Benson as vocalist.

Crawford Countians File Petitions for Citizenship

BUCYRUS — Petitions for naturalization to become U. S. citizens have been filed here with Crawford County Clerk of Courts Mabel Mullen by three natives of Latvia.

The petitioners are Dr. Arnold Eicens, 47, his wife, Eylvia, 33, a registered nurse, and Robert Braucejs, a farm laborer living near Bucyrus.

Dr. Eicens, a physician, took over the practice of Dr. Russell J. Caton here last July. He and his wife entered the United States in 1949.

Braucejs, 33, came to the United States in 1950. He is unmarried.

Make Your Best Beau a Cake Feb. 14

Pink Frosting and Heart Outlines of Red Candy Trim the Dessert

By CECILY BROWNSTONE
Associated Press Food Editor

A very special man in your life? Then you may want to bake him a very special cake on February 14

How about a three-layer surprise that is like an old-fashioned Valentine—sweet, gentle, delicate? The recipe we are giving you calls for the conventional butter-cake method favored by our grandmothers, and produces delicious flavor, light-as air texture

Fill, cover and decorate the cake with a pink frosting that boasts your beau's favorite flavor Our recipe calls for peppermint and vanilla extracts, but you may omit both and add lemon or orange instead Or omit just the peppermint, and add both vanilla and almond

Be sure to brush off any loose crumbs from the cake before starting to fill and frost Put wide strips of waxed paper down on your cake plate so that they cover the entire edge but not the center, then place your cake in the center

Sweetheart Cake for Your Best Beau's Valentine.

After you have filled and frosted, you can easily pull out the paper strips and have a spick-and-span production

SWEETHEART CAKE

Ingredients· 2¼ cups sifted cake flour, 2¼ teaspoons double-acting baking powder, ½ teaspoon salt, ¾ cup butter or margarine, 1½ cups sugar, 1 teaspoon vanilla, 3 eggs 2 3 cup milk

Method. Sift flour, baking powder and salt together three times Cream butter, sugar and vanilla Add eggs, one at a time beating thoroughly after each Mix in sifted dry ingredients with spoon, in 4 or 5 additions, alternately with milk- begin and end with flour Beat after each addition just until smooth. Turn into three round layer-cake pans (each 8 inches in diameter) that have been lined on the bottoms with waxed paper (Greasing pans or paper is unnecessary) Bake in moderate 375 degrees) oven 20 to 25 minutes or until cake tester inserted in centers comes out clean Turn cakes out on cooling racks immediately, allow to stand until cold before frosting

PEPPERMINT FROSTING

Ingredients ¾ cup butter or margarine, 5 cups sifted confectioners' sugar, ⅛ teaspoon salt, ½ to ⅔ cup hot milk, ¼ teaspoon vanilla, ½ teaspoon peppermint extract red food coloring

Method: Cream butter, blend in part of sugar gradually, add salt Add remaining sugar alternately with hot milk, beating until smooth after each addition, add only enough milk to make frosting good spreading consistency Mix in vanilla and peppermint extract Just before spreading, tint frosting light pink with red food coloring Reserve ½ cup of the frosting and tint a deeper pink Fill and cover cake with light pink frosting Put the reserved dark pink frosting in a pastry tube, pipe 8 "ribbons" from center of cake to part way down sides At the end of each ribbon, outline a heart with the pastry tube Decorate heart outlines with red cinnamon candies A paper doily and sweetheart roses will make a center nosegay for the cake..

Sycamore Couple Sells Drug Store

SYCAMORE — The only business in Sycamore to be operated by the same family for over 50 years changed hands last week when Mr and Mrs Welby Balliet sold their drug store to Ned Golling

Shortly after the turn of the century, Harley Balliet and his brother, Ira, were in partnership in the drug business for a short time After this partnership was dissolved and until his death, in 1937, Harley Balliet as the village druggist, ministered to the minor aches and pains of the citizenry

Late in 1937, Welby Balliet, son of Mr and Mrs Harley Balliet who at that time owned a drug store in Toledo, returned to his home town and took over his father's business He added fountain service and made various changes During the past 18 years 'Welby's" has been among the most popular spots in town

Although Balliet's plans are indefinite, he and his wife expect to spend some time in Florida

Golling who is a Sycamore young man, has been employed at various times by Balliet, He also served as postmaster in Sycamore for a time following the resignation of his father, W, T Golling, from that position.

Harding High Musicians Schedule Two Concerts

First of two scheduled concerts by the Harding High School band and orchestra will be given Sunday, Feb 27, in the high school auditorium, Homer Huffman, director, announced today.

A "pop concert," the Feb 27 program will consist of light classic and patriotic selections The concert will begin at 3 p m

On Tuesday night, May 3, at 8 o'clock the band and orchestra will present their formal concert in the auditorium.

Season tickets, good for both concerts, may now be purchased from members of the Band and Orchestra Parents Association, sponsors of the programs, from members of the band or orchestra and at local music stores

Deposits Increase In Bucyrus Banks

BUCYRUS — A $218,754 increase in deposits in Bucyrus' four banks and two building and loans institutions occurred during 1954, according to an annual survey completed today by W. A Blicke, president of the Bucyrus City Bank

Total deposits on Jan 1 amounted to $28,292,441, compared with $28,073,687 on deposit on Jan. 1, 1954

While building and loan deposits showed an increase of $770,637, deposits in banks declined $552,882 Total bank deposits amount to $20,093,180 while building and loan deposits total $8,199,260.

Blicke, who has been connected with the Bucyrus City Bank 72 years, pointed out that 30 years ago, deposits in the city's four banks totaled only $3,450,755 A low point of $2,379,891 was reached in 1932.

Square Off for Third Round

Riverlake Belt Sponsors, Railroads in New Fight

By ART PARKS

COLUMBUS, Ohio (AP)—Ohio railroads and Riverlake Belt Conveyor, Inc., square off next week in Ohio's 101st General Assembly for their third battle.

Chances are it will be a long, and often furiously-fought struggle. The climactic fight opens next Tuesday night before the Commerce and Transportation Committee of the House of Representatives.

The question is this: Shall Riverlake be granted the right to sieze land, after paying for it, for a right-of-way for a cargo-hauling belt conveyor extending across northeastern Ohio from Lake Erie to East Liverpool? This is called the "right of eminent domain"—the right of the "sovereign" to grab private property for the public good.

Riverlake placed the question before the Legislature in 1949 and 1951, but each time failed to come to a vote.

—:—

RIVERLAKE CONTENDS it needs the right to condemn land for its right of way. Otherwise, unwillingness on the part of some landowners to sell either could force costly detours or block the path of the proposed conveyor altogether.

Backers of the revolutionary transportation system say they plan to haul iron ore and fluxing stone (limestone) from Lake Erie docks to steel mills in the Youngstown area, and coal from the East Liverpool area back to the Lake Erie docks for shipment to the upper Great Lakes.

"Such a conveyor system does not deserve the right of eminent domain," declare the state's freight - hauling railroads. "Eminent domain is a right that belongs only to the 'common carriers,' transportation systems that haul anything from coal and manure to eggs and thread.

"We lose money on many small shipments, but we are allowed to make it up on our heavy-volume traffic like coal, iron ore and stone. Now along comes this new scheme that wants to skim the cream off our business and leave us the unprofitable traffic.

—:—

"RIVERLAKE WOULD cost the jobs of 15,000 railroaders, many of whom are older men who could not be absorbed in other business. The coming of the belt conveyor would mean we would have to raise our rates on many household necessities just to break even on our whole operation."

The conveyor belt bill was introduced in the House a month ago by Reps. Clarence Wetzel (R-Columbiana), Bishop Kilpatrick (D-Trumbull) and Robert L. Johnson (R-Medina). An identical bill was offered in the Senate by Sen. Charles A. Mosher, Oberlin Republican.

Conveyor legislation is opposed by two railroad groups, the Ohio Railroad Assn. and The Special Transportation Committee, a group formed especially for this fight.

President of Riverlake is H. B. Stewart Jr. of Akron, who also is president of the Akron, Canton & Youngstown Railroad.

—:—

THE RAILROAD people who produced, and are showing in many parts of the state, a color movie called "Decision for Ohio," a documentary - type film which lauds railroads' role in the Ohio economy and decries the proposed conveyor system.

Stewart counters with the remark the film "out-Disneys Disney." (Walt Disney is the famed animated-cartoon producer whose work includes the re-telling of many fairy tales.)

Master - minding the attack of the railroads is Earl (Pop) Shively, long-time attorney for Ohio railroads.

In the other corner, a fresh man for a hot battle, is former State Rep. Newton Chapman (R-Geauga). He succeeds former State Republican Chairman Ed D. Schorr in the spot, but Schorr remains as Riverlake's general counsel and will be active in behind-the-scenes operations.

The battle may take weeks. Barring a Riverlake defeat in the House, the fight will come up again in the Senate.

The measure started in the Senate in 1951 and died in its rules committee after having been recommended for passage by the Senate Judiciary Committee.

INDUCTED BY ARMY

BUCYRUS — Army service began this week for six Crawford County residents, representing the February call of the county draft board. The inductees, scheduled to be sent to Fort Knox, Ky., include Ralph D. Spaid, William E. Crall and Claude R. Vance, all of Galion; Gordon D. Ehrman of near Crestline; Gerald E. Hoover of near Bucyrus; Anthony J. LaFrieda, New Washington, a transfer from the draft board at Long Beach, Calif.

Cheese Souffle Makes Use of Economical Eggs

One way to take advantage of the surplus of eggs that are flooding the market is to make a fluffy cheese souffle.

Light, delicate and golden brown, it literally melts in your mouth. Use:

4 tablespoons shortening
5 tablespoons flour
1 teaspoon salt
¼ teaspoon paprika
dash of cayenne
1½ cups milk
1 cup grated yellow cheese or smoked cheese
6 egg yolks beaten until thick, and lemon-colored
6 egg whites, stiffly beaten

Melt shortening in saucepan, add flour, salt, paprika, and cayenne and blend well. Add milk gradually and cook until thickened, stirring constantly. Add cheese and stir over low heat until cheese is melted. Remove from heat. Add beaten egg yolks, and blend thoroughly. Fold in beaten egg whites. Pour into 1½-quart greased casserole in pan of warm water. Bake in moderate oven (350 degrees F.) 40-50 minutes. The souffle should have a golden-brown crust on top. Serves 6.

Local Persons To Attend Atlantic City Conference

Representatives of the Marion and Morrow Rural Electric Co-op Associations will attend the annual meeting of the National Rural Electric Co-op Association in Atlantic City Feb. 14-17.

From the Marion co-op, Kenneth Kinsler, manager, and Dale Parsell of Forest, member of the board of directors, will attend. Representing the Morrow co-op will be Donald Mitchell, Bryant Mosher, Paul DeBolt, president, and a member of the national board of trustees and executive committeemen, and Howard Clapper, manager.

The national organization of electric co-ops represents 936 co-op electric systems serving three and one-half million rural consumers. This year's meeting in Atlantic City will feature speakers, including members of Congress and specialists in management, atomic power and power supply.

Between latitude 66 degrees 33 minutes, either north or south and the corresponding pole, there is at least one day each year when the sun does not appear.

Publicity Assistant Appointed at OWU

DELAWARE — Jerry Tippens, former managing editor of the Daily Capital Journal, Pierre, S. D., has been appointed assistant to the director of publicity at Ohio Wesleyan University.

Tippens will handle all athletic publicity for the college and also will help out with the general information program.

A native of Presho, S. D., he was on the staff of the Mitchell, S. D., Daily Republic from 1949-1952 while he was attending classes at Dakota Wesleyan University.

After he was graduated from Dakota Wesleyan in 1952 he served in the U. S. Army for two years as a public information specialist in this country and in Korea. He was awarded the Bronze Star in Korea.

Tippens had been managing editor of the Daily Capital Journal since September, 1954.

JOINS CRAWFORD STAFF

BUCYRUS — Miss Joyce Corwin, a Bucyrus High School senior, has been added to the staff here of Crawford County Clerk of Courts Mabel Mullen as a part-time employe. Miss Corwin Succeeds Mrs. Ruth Kerr, Bucyrus, who recently resigned to accept employment in the Crawford County offices here of the division of aid for the aged.

APPLIES FOR PASSPORT

BUCYRUS — Application for a passport to Europe has been filed here with Crawford County Clerk of Courts Mabel Mullen by Mrs. Ruth Virginia Parsley, 25, of Galion. Mrs. Parsley is the wife of William D. Parsley, who is stationed with the U.S. army in Kornwestheim, Germany. She plans to remain with him during the remainder of his overseas duty.

The Port of New York authority estimates that there will be two million helicopter passengers a year in the city area by 1960.

N.Y. Stock Quotations

NEW YORK (AP)—Using yesterday's new all-time high as a springboard, the stock market today launched a new drive ahead.

Yesterday's market as measured by The Associated Press average of 60 stocks got up to the highest level in its history.

Prices continued on up today with the aircrafts and steels well out in front and others going right along in the advance.

Gains amounted to 1 to 3 points frequently, and some rose more than that. Losses usually were cut off at a point.

Trading was at a fast pace that exceeded yesterday's 3,360,000 shares.

Babcock & Wilcox was strong after announcing price increases on certain types of stainless steel tubing. Eastern Stainless Steels headed up with a rush on estimates of higher earnings.

Also higher were U.S. Steel, General Motors, Chance Vought Aircraft, General Dynamics, Radio Corp., Homestake Mining, Du Pont, New York Central, Texas Co., Royal Dutch Petroleum, and U.S. Gypsum.

Announcement

Most of our Used Car Sales originate with references from our customers and friends. We should like you to know why.

(1) We pay more for exceptional Used Cars as trades on our fast selling new Chryslers and Plymouths
(2) We thoroughly check and recondition the cars where necessary in our own shops.
(3) We do not retail former taxis, police or rental cars.
(4) We permit a prospective buyer to take the car away for checking by his own mechanic
(5) We sell them as cheaply as possible, and on convenient terms.
(6) IF BY CHANCE SOMEONE GETS AN UNSATISFACTORY UNIT WE REPLACE IT WITH AN EQUIVALENT MODEL FREE OF CHARGE WITHIN 2 MONTHS.

MODEST MAIDENS By Jay Allen

"Copycat!"

Hobby of Host Guides Guests To Art Works

PITTSBURGH (UP) — You accept Douglas Naylor's invitation to drop into his home for food, drink and stimulating talk at your own risk.

Naylor, whose reportorial beat for the Pittsburgh Press covers both city-county business and art galleries, has a hobby—and you do the work.

As a connoisseur of art, Naylor appreciates not only the polished work of professionals but also the efforts of tyros, especially of friends. Those who accept his invitations soon find themselves in a back room, supplied with the materials of art and under orders to paint what they see in the mirror—themselves.

The result of several years of this paint-for-your-supper practice was exhibited in the restaurant-gallery of the Pittsburgh Playhouse. The exhibition, called "As I See Me," demonstrates what can result from people looking themselves straight in the eye.

One of Naylor's newspaper colleagues, noted for his gentle mien and placid aspect, was depicted as a coarse-featured, leering roughneck.

This sort of phenomenon naturally leads both artists and observers to utter weighty words like "subconscious" and "wishfulfillment."

Mayor David L. Lawrence, for instance, fashioned a remarkable likeness of himself. The only detail challenged was the hair. Lawrence's is thinning, but his portrait-self sports a nice growth.

"I guess," he said, "unconsciously I long for more hair."

Many of the "artists" dodge analysis by obviously over or under-playing themselves. Generally, the men acquire funny noses or some other such distortion, and even the most striking women do their best to depict themselves as plain.

It would appear that the Naylors get a lot of laughs at others' expense without incurring any of their own, but one friend estimated that the Naylors have spent $1,000 or more inspiring the visitors with food and drink.
